Anthem Blue Cross**

COMBINED EVIDENCE OF COVERAGE AND DISCLOSURE FORM

**Anthem Blue Cross
21555 Oxnard Street
Woodland Hills, California 91367**

This Combined Evidence of Coverage and Disclosure (Evidence of Coverage) Form is a summary of the important terms of your health plan. The health plan contract must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Evidence of Coverage that apply to those needs. The Los Angeles Police Relief Association, Inc. (herein referred to as "LAPRA") will provide you with a copy of the health plan contract upon request.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers in California. We have established a network of various types of "Participating Providers". These providers are called "participating" because they have agreed to participate in our preferred provider organization program (PPO), which we call the Prudent Buyer Plan. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services. The amount of benefits payable under this *plan* will be different for *non-participating providers* than for *participating providers*. See the definition of "Participating Providers" in the DEFINITIONS section for a complete list of the types of providers which may be *participating providers*.

We publish a directory of Participating Providers. You can get a directory from your plan administrator (usually your employer) or from us. The directory lists all *participating providers* in your area, including health care facilities such as *hospitals* and *skilled nursing facilities*, *physicians*, laboratories, and diagnostic x-ray and imaging providers. You may call us at the Member Services number listed on your ID card or you may write to us and ask us to send you a directory. You may also search for a *participating provider* using the "Provider Finder" function on our website at www.anthem.com/ca. The listings include the credentials of our *participating providers* such as specialty designations and board certification.

If you need details about a provider's license or training, or help choosing a *physician* who is right for you, call the Member Services number on the back of your ID card.

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider* specialty care provider you choose (certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see "Physician," below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

To make an appointment call your *physician's* office:

- Tell them you are a Prudent Buyer Plan *member*.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency Care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Participating Providers Outside of California

If you are outside of our California service areas, please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in the area you are in. A directory of PPO Providers for outside of California is available. You can get a directory from your plan administrator (usually your employer).

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in our Prudent Buyer Plan network. They have not agreed to the reimbursement rates and other provisions of a Prudent Buyer Plan contract

Anthem Blue Cross has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Contracting and Non-Contracting Hospitals. Another type of provider is the "contracting hospital." This is different from a *hospital* which is a *participating provider*. As a health care service plan, we have traditionally contracted with most hospitals to obtain certain advantages for patients covered by us. While only some *hospitals* are *participating providers*, all eligible California hospitals are invited to be *contracting hospitals* and most--over 90%--accept. **For those which do not (called**

non-contracting hospitals), there is a significant benefit penalty in your plan.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that we'll cover expense you incur from them when they're practicing within their specialty the same as we would if the care were provided by a medical doctor. As with the other terms, be sure to read the definition of "Physician" to determine which providers' services are covered. Only providers listed in the definition are covered as *physicians*. Please note also that certain providers' services are covered only upon referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy). Providers for whom referral is required are indicated in the definition of "physician" by an asterisk (*).

Other Health Care Providers. "Other Health Care Providers" are neither *physicians* nor *hospitals*. They are mostly free-standing facilities or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not part of our Prudent Buyer Plan provider network.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call us at the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Participating and Non-Participating Pharmacies. "Participating Pharmacies" agree to charge only the *prescription drug maximum allowed amount* to fill the *prescription*. You pay only your co-payment amount.

"Non-Participating Pharmacies" have not agreed to the *prescription drug maximum allowed amount*. The amount that will be covered as *prescription drug covered expense* is significantly lower than what these providers customarily charge.

If you are enrolled in Medicare Part D, please refer to your Anthem Blue MedicareRx evidence of coverage for your pharmacy benefits.

Centers of Medical Excellence. We are providing access to the *Centers of Medical Excellence (CME)* network. The facilities included in

this *CME* network are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, *CME* have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a *CME*.**

A *participating provider* in the Prudent Buyer Plan network is not necessarily a *CME* facility.

Care Outside the United States—Blue Cross Blue Shield Global Core

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has Blue Cross Blue Shield Global Core benefits. Your coverage outside the United States is limited and we recommend:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with *urgent care* or an *emergency* when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The Blue Cross Blue Shield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a *physician* appointment or hospitalization, if needed.

Payment Information

- **Participating Blue Cross Blue Shield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating Blue Cross Blue Shield Global Core *hospitals* except for the out-of-pocket costs you normally pay (noncovered services, deductible, copays, and coinsurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and

inpatient care from a *hospital* that is not a participating Blue Cross Blue Shield Global Core *hospital*. Then you can complete a Blue Cross Blue Shield Global Core claim form and send it with the original bill(s) to the Blue Cross Blue Shield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating Blue Cross Blue Shield Global Core hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating Blue Cross Blue Shield Global Core *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to us.

Additional Information About Blue Cross Blue Shield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.
- Exchange rates are determined as follows:
 - For inpatient *hospital* care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from us, from the Blue Cross Blue Shield Global Core Service Center, or online at:

www.bcbsglobalcore.com.

The address for submitting claims is on the form.

TIMELY ACCESS TO CARE

Anthem has contracted with health care service providers to provide covered services in a manner appropriate for your condition, consistent with good professional practice. Anthem ensures that its contracted provider networks have the capacity and availability to offer appointments within the following timeframes:

- **Urgent Care appointments for services that do not require prior authorization:** within forty-eight (48) hours of the request for an appointment;
- **Urgent Care appointments for services that require prior authorization:** within ninety-six (96) hours of the request for an appointment;
- **Non-Urgent appointments for primary care:** within ten (10) business days of the request for an appointment;
- **Non-Urgent appointments with specialists:** within fifteen (15) business days of the request for an appointment;

If a provider determines that the waiting time for an appointment can be extended without a detrimental impact on your health, the provider may schedule an appointment for a later time than noted above.

Anthem arranges for telephone triage or screening services for you twenty-four (24) hours per day, seven (7) days per week with a waiting time of no more than thirty (30) minutes. If Anthem contracts with a provider for telephone triage or screening services, the provider will utilize a telephone answering machine and/or an answering service and/or office staff, during and after business hours, to inform you of the wait time for a return call from the provider or how the *member* may obtain *urgent care* or *emergency services* or how to contact another provider who is on-call for telephone triage or screening services.

If you need the services of an interpreter, the services will be coordinated with scheduled appointments and will not result in a delay of an appointment with a *participating provider*.

SUMMARY OF BENEFITS

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT WE DETERMINE TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS A SERVICE DOES NOT, IN ITSELF, MEAN THAT THE SERVICE IS MEDICALLY NECESSARY OR THAT THE SERVICE COVERED UNDER THIS PLAN. CONSULT THIS BOOKLET OR TELEPHONE US AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire Combined Evidence of Coverage and Disclosure (Evidence of Coverage) Form for more complete information, and you must consult LAPRA's health plan contract with us to determine the exact terms and conditions of your coverage.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the Plan.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of nonquantitative treatment limitations (NQTL). An example of a nonquantitative treatment limitation is a precertification requirement.

Also, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than Deductibles, Copayment, Coinsurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

Triage or Screening Services. If you have questions about a particular health condition or if you need someone to help you determine whether or not care is needed, triage or screening services are available to you from us by telephone. Triage or screening services are the evaluation of your health by a *physician* or a nurse who is trained to screen for the purpose of determining the urgency of your need for care. Please contact the 24/7 NurseLine at the telephone number listed on your identification card 24 hours a day, 7 days a week.

After Hours Care. After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Telehealth. This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this *plan* are subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.

PREScription DRUG BENEFITS

IF YOU ARE ENROLLED IN MEDICARE PART D, PLEASE REFER TO YOUR ANTHEM BLUE MEDICARE RX EVIDENCE OF COVERAGE FOR YOUR PHARMACY BENEFITS.

PREScription DRUG CO-PAYMENTS. The following co-payments apply for each *prescription*:

Note: For FDA-approved, *self-administered hormonal contraceptives*, up to a 12-month supply is covered when dispensed or furnished at one time by a provider or pharmacist, or at a location licensed or otherwise authorized to dispense *drugs* or supplies.

Retail Pharmacies: The following co-payments apply for a 30-day supply of medication if the *drug* is not a *maintenance drug*. If the *drug* is a *maintenance drug*, the *prescription* must not exceed a 90-day supply of medication. If a 90-day supply of a *maintenance drug* is obtained from a retail *pharmacy*, the *member* has to pay double the amount of co-payment for retail *pharmacies*.

Participating Pharmacies

- Generic Drugs.....\$15
- Brand Name Drugs.....\$25
- Self-administered injectable
drugs, except insulin20%
of *prescription drug covered expense*
to a maximum copayment of **\$150**
for each *prescription*

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a *prescription* to a *participating pharmacy*, and the *participating pharmacy* indicates your *prescription* cannot be filled, your deductible, if any, needs to be satisfied, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the *prescription* filled, you will have to pay either the full cost, or the additional Co-Payment, for the *prescription drug*. If you believe you are entitled to some *plan* benefits in connection with the *prescription drug*, submit a claim for reimbursement to the *pharmacy benefits manager*.

Non-Participating Pharmacies*

- Generic Drugs.....\$15
plus **50%** of the remaining *prescription drug covered expense*

- *Brand Name Drugs*.....**\$25**
plus **50%** of the remaining *prescription*
drug covered expense

drugs, except insulin**20%**
of *prescription drug covered expense*

plus **50%** of the remaining *prescription drug covered expense*

Home Delivery Prescriptions: The following co-payments apply for a 90-day supply of medication.

- *Generic Drugs*.....**\$30**
- *Brand Name Drugs*.....**\$50**
- Self-administered injectable
drugs, except insulin**20%**
of *prescription drug covered expense*
to a maximum copayment of **\$300**
for each *prescription*

Exceptions to Prescription Drug Co-payments

- “Preventive Prescription Drugs and Other
Items” covered under YOUR PRESCRIPTION
DRUG BENEFITS..... **No charge**

Your copayment for orally administered anti-cancer medications will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail *pharmacy*.....**\$200**
- For a 90-day supply through home delivery**\$600**

Your copayment for all other *drugs* covered under this *plan* will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail *pharmacy*.....**\$250**
- For a 90-day supply through home delivery**\$750**

Prescription Drug Out-of-Pocket Amount**

After you pay **\$4,850** in *co-payments* per *member* or **\$7,700** in *co-payments* per family in one *year* for your *drugs*, you will have reached the Prescription Drug Out-of-Pocket Amount and you will not need to pay any more *co-payments* for *drugs* the rest of the year.

****Exception:** Expense which is in excess of the *prescription drug maximum allowed amount* will not be applied to the Prescription Drug Out-of-Pocket Amount.

***Important Note About Prescription Drug Covered Expense and Your Co-Payment:** *Prescription drug covered expense for non-participating pharmacies* is significantly lower than what providers customarily charge, so you will almost always have a higher out-of-pocket expense when you use a *non-participating pharmacy*.

YOU WILL BE REQUIRED TO PAY YOUR CO-PAYMENT AMOUNT TO THE PARTICIPATING PHARMACY AT THE TIME YOUR PRESCRIPTION IS FILLED.

Note: If your pharmacy's retail price for a *drug* is less than the co-payment shown above, you will not be required to pay more than that retail price.

Preferred Generic Program

Prescription drugs will always be dispensed by a *pharmacist* as prescribed by your *physician*. Your *physician* may order a *brand name drug* or a *generic drug* for you. You may request your *physician* to prescribe a *brand name drug* for you or you may request the *pharmacist* to give you a *brand name drug* instead of a *generic drug*. Under this *plan*, if a *generic drug* is available, and it is not determined that the *brand name drug* is *medically necessary* for you to have (see PRESCRIPTION DRUG FORMULARY: Prior Authorization below), you will have to pay the co-payment for the *generic drug* plus the difference in cost between the *prescription drug maximum allowed amount* for the *generic drug* and the *brand name drug*, but, not more than 50% of our average cost for the tier that the *brand name drug* is in. If your *physician* specifies "dispense as written," in lieu of paying the co-payment for the *generic drug* plus the difference, as previously stated, you will pay just the applicable co-payment shown for the *brand name drug* you get. For certain higher cost *generic drugs*, we may make an exception and not require you to pay the difference in cost between the *generic drug* and *brand name drug*.

Split Fill Dispensing Program

The split fill program is designed to prevent and/or minimize wasted *prescription drugs* if your *prescription* or dose changes between fills, by allowing only a portion of your *prescription* to be obtained through the specialty pharmacy program. This program also saves you out-of-pocket expenses.

The *drugs* that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your

prescription drug in a smaller quantity and at a prorated copay so that if your dose changes or you have to stop taking the *prescription drug*, you can save money by avoiding costs for *prescription drugs* you may not use. You can access the list of these *prescription drugs* by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your *physicians* about alternatives to certain *prescription drugs*. We may contact you and your *physician* to make you aware of these choices. Only you and your *physician* can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic *drug* substitutes, please call the toll-free number on your member ID card.

Day Supply and Refill Limits

Certain day supply limits apply to prescription drugs as listed in the "PRESCRIPTION DRUG COPAYMENTS" and "PRESCRIPTION DRUG CONDITIONS OF SERVICE" sections of this plan. In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the pharmacy benefits manager and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this Combined Evidence of Coverage and Disclosure Form, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is our payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. In addition, if these services are received from a *non-participating provider*, you may be billed by the provider for the difference between their charges and our *maximum allowed amount*. In many situations, this difference could be significant. If you receive services from a *participating hospital* or facility at which, or as a result of which, you receive non-emergency covered services provided by a *non-participating provider*, you will pay the *non-participating provider* no more than the same cost sharing that you would pay for the same covered services received from a *participating provider*. Please see “Member Cost Share” below for more information.

We have provided two examples below, which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has a *member* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member's* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *member* pays. We pay 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a *member* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member's* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500.

We pay the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *member* the difference between \$2,000 and \$1,000. So the *member's* total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, we will, to the extent applicable, apply claim processing rules to the claim submitted. We use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if we determine that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers and CME. For covered services performed by a *participating provider* or *CME* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* or *CME* has agreed with us to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed

separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in our Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider* the *maximum allowed amount* will be based on the applicable Anthem Blue Cross *non-participating provider* rate or fee schedule for this plan, an amount negotiated by us or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, Anthem Blue Cross will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider's contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan's *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds our *maximum allowed amount under this plan*. You may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a *participating provider* or visit our website at www.anthem.com/ca. Member Services is also available to assist you in

determining this *plan's maximum allowed amount* for a particular covered service from a *non-participating provider* or *other health care provider*.

Please see the "Out of Area Services" section in the Part entitled "GENERAL PROVISIONS" for additional information.

***Exceptions:**

- **Emergency Services Provided by Non-Participating Providers.** For *emergency services* provided by *non-participating providers* or at *non-contracting hospitals*, reimbursement is based on the *reasonable and customary value*. You will not be responsible for any amounts in excess of the *reasonable and customary value* for *emergency services* rendered within California.
- **Emergency Ambulance Services Provided by Non-Participating Providers.** For *emergency ambulance services* received from *non-participating providers* outside of California, the *plan's* payment is based on the *maximum allowed amount*. *Non-participating providers* (both inside and outside of California) may also bill you for any charges over the *plan's reasonable and customary value* or *maximum allowed amount*, respectively.
- **Cancer Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
 4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

WARNING! Reduction of the *Maximum Allowed Amount* for Non-Contracting Hospitals. A small percentage of *hospitals* which are *non-*

participating providers are also *non-contracting hospitals*. Except for *emergency care*, the *maximum allowed amount* **is reduced by 25%** for all services and supplies provided by a *non-contracting hospital*. You will be responsible for paying this amount. You are strongly encouraged to avoid this additional expense by seeking care from a *contracting hospital*. **You can call the customer service number on your identification card to locate a *contracting hospital*.**

Member Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

Anthem Blue Cross will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you receive covered non-emergency services at a *participating hospital* or facility at which, or as a result of which, you receive covered services provided by a *non-participating provider* such as a radiologist, anesthesiologist or pathologist, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services, and you will not be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. Such *participating provider* cost share percentage will apply to the *participating provider* deductible (if any) and the *participating provider* out-of-pocket amount. This paragraph does not apply, however, if the *non-participating provider* has your written consent, satisfying the following criteria:

(1) At least 24 hours in advance of care, you consent in writing to receive services from the identified *non-participating provider*.

(2) The consent shall be obtained by the *non-participating provider* in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when the member is being prepared for surgery or any other procedure.

(3) At the time consent is provided the *non-participating provider* shall give you a written estimate of your total out-of-pocket cost of care. The written estimate shall be based on the professional's billed charges for the service to be provided. The *non-participating provider* shall not attempt to collect more than the estimated amount without receiving separate written consent from you or your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate.

(4) The consent shall advise you that you may elect to seek care from a *participating provider* or may contact Anthem in order to arrange to receive the health service from a *participating provider* for lower out-of-pocket costs.

(5) The consent and estimate shall be provided to you in the language spoken by you, if the language is a Medi-Cal threshold language, as defined in state law (subdivision (d) of Section 128552 of the Health and Safety Code).

(6) The consent shall also advise you that any costs incurred as a result of your use of the *non-participating provider* benefit shall be in addition to *participating provider* cost-sharing amounts and may not count toward the annual out-of-pocket maximum for *participating provider* benefits or a deductible, if any, for *participating provider* benefits.

Authorized Referrals

In some circumstances we may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact us in advance of obtaining the covered service. It is your responsibility to ensure that we have been contacted. If we authorize a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the

maximum allowed amount and the *non-participating provider's* charge. In certain situations, however, if you receive non-emergency covered services at a *participating hospital* or facility at which, or as a result of which, you receive services from a *non-participating provider*, you will pay no more than the cost sharing that you would pay for the same covered services received from a *participating provider*. Please see "Member Cost Share" in the YOUR MEDICAL BENEFITS section for more information. If you receive prior authorization for a *non-participating provider* due to network adequacy issues, you will not be responsible for the difference between the *non-participating provider's* charge and the *maximum allowed amount*. Please call the Member Services telephone number on your ID card for *authorized referral* information or to request authorization.

DEDUCTIBLES, PENALTY, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After we subtract any applicable deductible, penalty and your Co-Payment, we will pay benefits up to the *maximum allowed amount*, (or the *reasonable and customary value* for *emergency services* provided by a *non-participating provider*), not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Penalty, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES AND PENALTY

Each deductible under this *plan* is separate and distinct from the other. Only the covered charges that make up the *maximum allowed amount* (or the *reasonable and customary value* for *emergency services* provided by a *non-participating provider*) will apply toward the satisfaction of any deductible except as specifically indicated in this booklet.

Calendar Year Deductibles. Each *year*, you will be responsible for satisfying the *member's* Calendar Year Deductible before we begin to pay benefits. If *members* of an enrolled family pay deductible expense in a *year* equal to the Family Deductible, the Calendar Year Deductible for all *family members* will be considered to have been met.

Covered charges incurred from October through December and applied toward the Calendar Year Deductible for that *year* also counts toward the Calendar Year Deductible for the next *year*.

Participating Providers and Other Health Care Providers. Covered charges up to the *maximum allowed amount* for the services of *participating providers* and *other health care providers* will be applied to the *participating provider* and *other health care provider* Calendar Year and Family Deductibles. When these deductibles are met, however, we will pay benefits only for the services of *participating providers* and *other*

health care providers. We will not pay any benefits for *non-participating providers* unless the separate *non-participating provider* Calendar Year or Family Deductible (as applicable) is met.

Non-Participating Providers. Covered charges up to the *maximum allowed amount* for the services of *non-participating providers* will be applied to the *non-participating provider* Calendar Year and Family Deductibles. We will pay benefits for the services of *non-participating providers* only when the applicable *non-participating provider* deductible is met.

Prior Plan Calendar Year Deductibles. If you were covered under the Los Angeles Police Relief Association, Inc.'s Anthem Blue Cross HMO PLUS Plan any amount paid during the same *calendar year* toward your Calendar Year Deductible under the Los Angeles Police Relief Association, Inc.'s Anthem Blue Cross HMO PLUS Plan, will be applied toward your Calendar Year Deductible under this *plan*; provided that, such payments were for charges that would be covered under this *plan*.

Additional Deductible and Penalty

1. Each time you visit an emergency room for treatment you will be responsible for paying the Emergency Room Deductible. But this deductible will not apply if you are admitted as a *hospital* inpatient from the emergency room immediately following emergency room treatment.
2. Each time you are admitted to a *hospital* or *residential treatment center* without properly obtaining certification, you are responsible for paying the Non-Certification Penalty. This penalty will not apply to an *emergency* admission or procedure, services provided at a *participating provider* or to *medically necessary* inpatient facility services available to you through the BlueCard Program. Certification is explained in UTILIZATION REVIEW PROGRAM.

Note: You will no longer be responsible for paying any Additional Deductible and Penalty for the remainder of the *year* once your Out-of-Pocket Amount is reached (see the SUMMARY OF BENEFITS section for details).

CO-PAYMENTS

After you have satisfied any applicable deductible, we will subtract your Co-Payment from the *maximum allowed amount* remaining (or from the amount of *reasonable and customary value* remaining for *emergency services* provided by a *non-participating provider*).

If your Co-Payment is a percentage, we will apply the applicable percentage to the *maximum allowed amount* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-Of-Pocket Amount. If, after the amounts applied to Deductibles and the amounts you pay for Co-Payments are equal to your Out-of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, except as specifically stated below under Charges Which Do Not Apply Toward the Out-of-Pocket Amount.

If enrolled *members* of a family pay amounts applied to Deductibles and Co-Payments in a *year* equal to the Out-of-Pocket Amount per family, the Out-of-Pocket Amount for all *members* of that family will be considered to have been met. Once the family Out-of-Pocket Amount is satisfied, no *member* of that family will be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, except as specifically stated under Charges Which Do Not Apply Toward the Out-of-Pocket Amount below. However, we will not credit any expense previously applied to the Out-of-Pocket Amount per *member* in the same *year* for any other *member* of that family.

Participating Providers, CMEs, and Other Health Care Providers. Amounts applied to a Deductible and covered charges up to the *maximum allowed amount* for the services of *participating providers*, *CMEs*, and *other health care providers* will be applied to the *Participating Providers, CMEs, and Other Health Care Providers* Out-of-Pocket Amount.

After this Out-of-Pocket Amount per *member* or family has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *participating provider*, *CME*, or *other health care provider* for the remainder of that *year*. You will continue to be required to make Co-Payments for the covered services of a *non-participating provider* until the *Non-Participating Providers* Out-of-Pocket Amount has been met.

Non-Participating Providers. Amounts applied to a Deductible and covered charges up to the *maximum allowed amount* or the services of *non-participating providers* will be applied to the *Non-Participating Providers* Out-of-Pocket Amount.

After this Out-of-Pocket Amount has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the

covered services provided by a *non-participating provider* for the remainder of that *year*.

Charges Which Do Not Apply Toward the Out-Of-Pocket Amount.

The following charges will not be applied toward satisfaction of an Out-Of-Pocket Amount:

- Charges for services for the treatment of *infertility*;
- Charges for services or supplies not covered under this plan; and
- Charges which exceed the *maximum allowed amount*.

MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your

medical needs. Benefits are provided only for the number of days required to treat your illness or injury.

7. All services and supplies must be ordered by a *physician*.

Applicable to Active and Retired California Residents:

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Acupuncture. The services of a *physician* for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. We will pay for up to 24 visits during a *calendar year*.

Adult Preventive Services. Services and supplies provided in connection with all generally medically accepted cancer screening tests including FDA-approved cancer screenings for cervical cancer and human papillomavirus (HPV) screening, mammography testing and appropriate screening for breast cancer including BRCA testing if appropriate (in conjunction with genetic counseling and evaluation), prostate cancer screenings, colorectal cancer screenings, and the office visit related to those services. Also included is human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis. The Calendar Year Deductible will not apply to these services when they are provided by a *participating provider*. Adult Preventive Services are considered to be *preventive care services*. No copayment will apply to these services when they are provided by a *participating provider*.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,

- Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats

you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the *plan*.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated.  - i. The Department of Veterans Affairs,
 - ii. The Department of Defense, or
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your *physician* after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.
2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.
3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

Note: You will be financially responsible for the costs associated with non-covered services.

Important: If you decide to receive dental services that are not covered under this *plan*, a *participating provider* who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this *plan*, please call us at the Member Services telephone number listed on your ID card. For *prescription drugs* that are shipped to you or your *physician* and administered in your *physician's* office, you and your *physician* are required to order from a *designated pharmacy provider*. We may, from time to time, change with or without advance notice, the *designated pharmacy provider* for a *drug*, such change can help provide cost effective, value based and/or quality services.

If you are required to use a *designated pharmacy provider* and you choose not to obtain your *prescription drug* from a *designated pharmacy provider*, coverage will be the same as for a *non-participating provider*.

2. Occupational therapy provided on an outpatient basis when the ability to perform daily life tasks has been lost or reduced by, or has not been developed due to, illness or injury including programs which are designed to rehabilitate mentally, physically or emotionally handicapped persons. Occupational therapy programs are designed to maximize or improve a patient's upper extremity function, perceptual motor skills and ability to function in daily living activities.

Benefits are not payable for care provided to relieve general soreness or for conditions that may be expected to improve without treatment. For the purposes of this benefit, the term "visit" shall include any visit by a *physician* in that *physician's* office, or in any other outpatient setting, during which one or more of the services covered under this limited benefit are rendered, even if other services are provided during the same visit.

Up to 24 visits in a *year* for all covered services are payable. If additional visits are needed after receiving 24 visits in a *year*, pre-service review must be obtained prior to receiving the services.

If it is determined that an additional period of physical therapy, physical medicine, occupational therapy or chiropractic care is *medically necessary*, we will specify a specific number of additional visits. Such additional visits are not payable if pre-service review is not obtained. (See UTILIZATION REVIEW PROGRAM.)

There is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, occupational therapy or chiropractic care. But additional visits in excess of the number of visits stated above must be authorized in advance.

The *calendar year* deductible will not apply and no copayment will be required for services you receive as part of this program;

Routine nursery care of a newborn child includes screening of a newborn for genetic diseases, congenital conditions, and other health conditions provided through a program established by law or regulation.

Prescription Drug for Abortion. Mifepristone is covered when provided under the Food and Drug Administration (FDA) approved treatment regimen.

Prescription Drugs Obtained From Or Administered By a Medical Provider.

Your *plan* includes benefits for *prescription drugs*, including *specialty drugs* that must be administered to you as part of a *physician* visit, services from a *home health agency* or at an outpatient *hospital* when they are covered services. This may include *drugs* for infusion therapy, chemotherapy, blood products, certain injectables and any drug that must be administered by a *physician*. This section describes your benefits when your *physician* orders the medication and administers it to you.

Benefits for *drugs* that you inject or get at a *retail pharmacy* (i.e., self-administered *drugs*) are not covered under this section. Benefits for those and other covered *drugs* are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Non-duplication of benefits applies to *pharmacy drugs* under this *plan*. When benefits are provided for *pharmacy drugs* under the *plan's* medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for *pharmacy drugs* under your prescription drug benefits, if included, they will not be provided under the *plan's* medical benefits.

Prior Authorization. Your *plan* includes certain features to determine when *prescription drugs* should be covered, which are described below. As part of these features, your prescribing *physician* may be asked to give more details before we can decide if the *drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific *physician* qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one *prescription drug*, a *prescription drug* regimen or another treatment be used prior to use of another *prescription drug* or *prescription drug* regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another, and
- Use of a *prescription drug formulary*.

You or your *physician* can get the list of the *prescription drug* that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *physician* may check with us to verify *prescription drug* coverage, to find out which *prescription drug* are covered under this section and if any drug edits apply. However, if we determine through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to us using the required uniform prior authorization request form. The request may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

After we get the request from your *physician*, we will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the *plan*.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

If we deny a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are not satisfied with the resolution based on your inquiry, you may file a grievance with us by following the procedures described in the section entitled GRIEVANCE PROCEDURES.

This also includes *medically necessary* dental or orthodontic services that are an integral part of *reconstructive surgery* for cleft palate procedures. You must obtain our prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at *Centers of Medical Excellence (CME)*. **Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME will not be covered.** Call the toll-free telephone number for pre-service review on your identification card if your *physician* recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a *CME*. See UTILIZATION REVIEW PROGRAM for details.

This coverage is provided according to the terms and conditions of the *plan* that apply to all other covered medical conditions, including medical necessity requirements, utilization management, and exclusions for cosmetic services. Coverage includes, but is not limited to, *medically necessary* services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary* surgery; hormone therapy would be covered under the *plan’s prescription drug* benefits (if such benefits are included).

Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Transgender Travel Expense. Certain travel expenses incurred in connection with an approved transgender surgery, when the *hospital* at which the surgery is performed is 75 miles or more from your place of residence, provided the expenses are authorized in advance by us. Our maximum payment will not exceed \$10,000 per transgender surgery, or series of surgeries (if multiple surgical procedures are performed), for the following travel expenses incurred by you and one companion:

- Ground transportation to and from the *hospital* when it is 75 miles or more from your place of residence.
- Coach airfare to and from the *hospital* when it is 300 miles or more from your residence.
- Lodging, limited to one room, double occupancy.
- Other reasonable expenses. Tobacco, alcohol, drug, and meal expenses are excluded.

The Calendar Year Deductible will not apply and no co-payments will be required for transgender travel expenses authorized in advance by us. We will provide benefits for lodging, transportation, and other reasonable expenses up to the current limits set forth in the Internal Revenue Code, not to exceed the maximum amount specified above. This travel expense benefit is not available for non-surgical transgender services.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

Transplant Services. Services and supplies provided in connection with a non-*investigative* organ or tissue transplant, if you are:

1. The recipient; or
2. The donor.

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are *members*, each will get benefits under their plans.
- When the person getting the organ is a *member*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.
- If our covered *member* is donating the organ to someone who is **not** a *member*, benefits are not available under this *plan*.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The *maximum allowed amount* does not include charges for services received without first obtaining our prior authorization or which are provided at a facility other than a transplant center approved by us. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* rules, or exclusions apply. Call the customer service phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call our Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before we will provide benefits for a transplant. Your *physician* must certify, and we must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Transplant Travel Expense. The following travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated *CME* that is 75 miles or more from the recipient's or donor's place of residence are covered, provided the expenses are authorized by us in advance:

 - b. Hotel accommodations, not to exceed **\$100** per day for up to 21 days per trip, limited to one room, double occupancy.

2. For the donor, per transplant episode, limited to one trip:

 - b. Hotel accommodations, not to exceed **\$100** per day for up to 7 days.
 - c. Other reasonable expenses, not to exceed **\$25** per day, for up to 7 days. Tobacco, alcohol, drug expenses, and meals are excluded.

Urgent Care. Services and supplies received to prevent serious deterioration of your health or, in the case of pregnancy, the health of the unborn child, resulting from an unforeseen illness, medical condition, or complication of an existing condition, including pregnancy, for which treatment cannot be delayed. Urgent care services are not *emergency services*. Services for urgent care are typically provided by an *urgent care center* or other facility such as a physician's office. Urgent care can be obtained from *participating providers* or *non-participating providers*.

Well Baby and Well Child Care. We will cover the *preventive care services* shown below when they are provided for a dependent *child* under 7 years of age. The *calendar year* deductible will not apply to these services when they are provided by a *participating provider*. No copayment will apply to these services when they are provided by a *participating provider*.

1. A *physician's* services for routine physical examinations.
2. Immunizations given as standard medical practice for children.
3. Radiology and laboratory services in connection with routine physical examinations. This includes human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis.

See the definition of "Preventive Care Services" in the DEFINITIONS section for more information about services that are covered by this *plan* as *preventive care services*.

Applicable to Retired California Residents with Medicare Part D:

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Acupuncture. The services of a *physician* for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. We will pay for up to 24 visits during a *calendar year*.

Adult Preventive Services. Services and supplies provided in connection with all generally medically accepted cancer screening tests including FDA-approved cancer screenings for cervical cancer and human papillomavirus (HPV) screening, mammography testing and appropriate screening for breast cancer including BRCA testing if appropriate (in conjunction with genetic counseling and evaluation), prostate cancer screenings, colorectal cancer screenings, and the office visit related to those services. Also included is human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis. The Calendar Year Deductible will not apply to these services when they are provided by a *participating provider*. Adult Preventive Services are considered to be *preventive care services*. No copayment will apply to these services when they are provided by a *participating provider*.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,

- Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats

you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

Ambulatory Surgical Center. Services and supplies provided by an *ambulatory surgical center* in connection with outpatient surgery.

For the services of a *non-participating provider* facility only, our maximum payment is limited to **\$350** each time you have outpatient surgery at an *ambulatory surgical center*.

Ambulatory surgical center services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Blood. Blood transfusions, including blood processing and the cost of unreplaced blood and blood products. Charges for the collection, processing and storage of self-donated blood are covered, but only when specifically collected for a planned and covered surgical procedure.

Body Scan. We will pay for services and supplies provided in connection to body scan for screening purposes up to **\$250** per *calendar year*. The Calendar Year Deductible will not apply to these services. **Services under the Body Scan benefit are covered only if provided by a *participating provider*.**

Breast Cancer. Services and supplies provided in connection with the screening for, diagnosis of, and treatment for breast cancer whether due to illness or injury, including:

1. Diagnostic mammogram examinations in connection with the treatment of a diagnosed illness or injury. Routine mammograms will be covered initially with Adult Preventive Services benefit (see "Adult Preventive Services").
2. Breast cancer (BRCA) testing, if appropriate, in conjunction with genetic counseling and evaluation. When done as a *preventive care service*, BRCA testing will be covered under the Preventive Care Services benefit.
3. Mastectomy and lymph node dissection; complications from a mastectomy including lymphedema.

4. Reconstructive surgery of both breasts performed to restore and achieve symmetry following a *medically necessary* mastectomy.
5. Breast prostheses following a mastectomy (see “Prosthetic Devices”).

This coverage is provided according to the terms and conditions of this *plan* that apply to all other medical conditions.

Chemotherapy. This includes the treatment of disease using chemical or antineoplastic agents and the cost of such agents in a professional or facility setting.

Christian Science. The following provisions relate only to charges for Christian Science treatment:

1. A *Christian Science Sanatorium* will be considered a *hospital* for purposes of this booklet. The sanatorium must be accredited by the Department of Care of the First Church of Christ, Scientist; Boston, Massachusetts.
2. The term *physician* includes a *Christian Science Practitioner* approved and accredited by the Mother Church, The First Church of Christ, Scientist.
3. The term registered nurse includes a *Christian Science Nurse* approved and accredited by the Mother Church, The First Church of Christ, Scientist.

Benefits for the following services will be provided when a *member* manifests symptoms of a covered illness or injury and receives Christian Science treatment for such symptoms.

1. **Christian Science Sanatorium.** Services provided by a *Christian Science sanatorium* if the *member* is admitted for active care of an illness or injury.
2. **Christian Science Practitioner.** Office visits for services of a *Christian Science practitioner* providing treatment for a diagnosed illness or injury according to the healing practices of Christian Science.
3. **Christian Science Nurse.** Services of a *Christian Science Nurse* providing treatment for a diagnosed illness or injury according to the healing practices of Christian Science.

NO BENEFITS ARE AVAILABLE FOR SPIRITUAL REFRESHMENT. All other provisions of the **EXCLUSIONS AND LIMITATIONS** in this booklet apply equally to Christian Science benefits as to all other benefits and providers of care.

Clinical Trials. Coverage is provided for routine patient costs you receive as a participant in an approved clinical trial. The services must be those that are listed as covered by this plan for *members* who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the *plan*.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated. Coverage is limited to the following clinical trials:

1. Federally funded trials approved or funded by one or more of the following:
 - a. The National Institutes of Health,
 - b. The Centers for Disease Control and Prevention,
 - c. The Agency for Health Care Research and Quality,
 - d. The Centers for Medicare and Medicaid Services,
 - e. A cooperative group or center of any of the four entities listed above or the Department of Defense or the Department of Veterans Affairs,
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants, or
 - g. Any of the following departments if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines (1) to be comparable to the system of peer review of investigations and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
 - i. The Department of Veterans Affairs,
 - ii. The Department of Defense, or
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your *physician* after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.
2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.
3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

Note: You will be financially responsible for the costs associated with non-covered services.

Disagreements regarding the coverage or medical necessity of possible clinical trial services may be subject to Independent Medical Review as described in GRIEVANCE PROCEDURES.

Dental Care

1. **Admissions for Dental Care.** Listed inpatient *hospital* services for up to three days during a *hospital stay*, when such *stay* is required for dental treatment and has been ordered by a *physician* (M.D.) and a dentist (D.D.S. or D.M.D.). We will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the procedure or your medical condition. *Hospital stays* for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.
2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a *hospital* or *ambulatory surgical center*. This applies only if (a) the *member* is less than seven years old, (b) the *member* is developmentally disabled, or (c) the *member's* health is compromised and general

anesthesia is *medically necessary*. Charges for the dental procedure itself, including professional fees of a dentist, may not be covered.

3. **Dental Injury.** Services of a *physician* (M.D.) or dentist (D.D.S. or D.M.D.) solely to treat an *accidental injury* to natural teeth. Coverage shall be limited to only such services that are *medically necessary* to repair the damage done by the *accidental injury* and/or restore function lost as a direct result of the *accidental injury*. Damage to natural teeth due to chewing or biting is not *accidental injury*.
4. **Cleft Palate.** *Medically necessary* dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. "Cleft palate" means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.
5. **Orthognathic surgery.** Orthognathic surgery for a physical abnormality that prevents normal function of the upper or lower jaw and is *medically necessary* to attain functional capacity of the affected part.

Important: If you decide to receive dental services that are not covered under this *plan*, a *participating provider* who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this *plan*, please call us at the Member Services telephone number listed on your ID card. To fully understand your coverage under this *plan*, please carefully review this Evidence of Coverage document.

Designated Pharmacy Provider. We may establish one or more *designated pharmacy provider* programs which provide specific pharmacy services (including shipment of *prescription drugs*) to *members*. A *participating provider* is not necessarily a *designated pharmacy provider*. To be a *designated pharmacy provider*, the *participating provider* must have signed a *designated pharmacy provider* agreement with us. You or your *physician* can contact Member Services to learn which *pharmacy* or *pharmacies* are part of a *designated pharmacy provider* program.

For *prescription drugs* that are shipped to you or your *physician* and administered in your *physician's* office, you and your *physician* are required to order from a *designated pharmacy provider*. A patient care coordinator will work with you and your *physician* to obtain precertification and to assist shipment to your *physician's* office.

We may also require you to use a *designated pharmacy provider* to obtain *prescription drugs* for treatment of certain clinical conditions such as hemophilia. We reserve our right to modify the list of *prescription drugs* as well as the setting and/or level of care in which the care is provided to you. Non-duplication of benefits applies to *pharmacy drugs* under this *plan*. When benefits are provided for *pharmacy drugs* under the *plan's* medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for *pharmacy drugs* under your prescription drug benefits, if included, they will not be provided under the *plan's* medical benefits.

Prior Authorization. Your *plan* includes certain features to determine when *prescription drugs* should be covered, which are described below. As part of these features, your prescribing *physician* may be asked to give more details before we can decide if the *drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,

- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific *physician* qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),

- Use of a *prescription drug formulary*.

You or your *physician* can get the list of the *prescription drug* that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *physician* may check with us to verify *prescription drug* coverage, to find out which *prescription drug* are covered under this section and if any drug edits apply. However, if we determine through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to us using the required uniform prior authorization request form. The request may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

After we get the request from your *physician*, we will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or

if you are undergoing a current course of treatment using a drug not covered by the *plan*.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

If we deny a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* rules, or exclusions apply. Call the customer service phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call our Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before we will provide benefits for a transplant. Your *physician* must certify, and we must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Transplant Travel Expense. The following travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated *CME* that is 75 miles or more from the recipient's or donor's place of residence are covered, provided the expenses are authorized by us in advance:

 - a. Round trip coach airfare to the *CME*, not to exceed **\$250** per person per trip.
 - b. Hotel accommodations, not to exceed **\$100** per day for up to 21 days per trip, limited to one room, double occupancy.
 - c. Other reasonable expenses, not to exceed **\$25** per day for each person, for up to 21 days per trip. Tobacco, alcohol, drug expenses, and meals are excluded.

2. For the donor, per transplant episode, limited to one trip:

 - b. Hotel accommodations, not to exceed **\$100** per day for up to 7 days.
 - c. Other reasonable expenses, not to exceed **\$25** per day, for up to 7 days. Tobacco, alcohol, drug expenses, and meals are excluded.

Urgent care services are not *emergency services*. Services for urgent care are typically provided by an *urgent care center* or other facility such as a physician's office. Urgent care can be obtained from *participating providers* or *non-participating providers*.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings, depending on the individual's needs and progress. REIMBURSEMENT FOR ACTS OF THIRD PARTIES

Under some circumstances, a *member* may need services under this *plan* for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, we will provide the benefits of this *plan* subject to the following:

1. We will automatically have a lien, to the extent of benefits provided, upon any recovery, whether by settlement, judgment or otherwise, that you receive from the third party, the third party's insurer, or the third party's guarantor. The lien will be in the amount of benefits we paid under this *plan* for the treatment of the illness, disease, injury or condition for which the third party is liable.
 - If we paid the provider other than on a capitated basis, our lien will not be more than amount we paid for those services.
 - If we paid the provider on a capitated basis, our lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.
 - If you hired an attorney to gain your recovery from the third party, our lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.
 - If you did not hire an attorney, our lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.
 - If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, our lien will be reduced

by the same comparative fault percentage by which your recovery was reduced.

- Our lien is subject to a pro rata reduction equal to your reasonable attorney's fees and costs in line with the common fund doctrine.
2. You must advise us in writing, within 60 days of filing a claim against the third party and take necessary action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our rights. You must not take action which may prejudice our rights or interests under your *plan*. Failure to give us such notice or to cooperate with us, or actions that prejudice our rights or interests will be a material breach of this *plan* and will result in your being personally responsible for reimbursing us.
 3. We will be entitled to collect on our lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

YOUR PRESCRIPTION DRUG BENEFITS

IF YOU ARE ENROLLED IN MEDICARE PART D, PLEASE REFER TO YOUR ANTHEM BLUE MEDICARERX EVIDENCE OF COVERAGE FOR YOUR PHARMACY BENEFITS.

PRESCRIPTION DRUG COVERED EXPENSE

Prescription drug covered expense is the maximum charge for each covered service or supply that will be accepted by us for each different type of *pharmacy*. It is not necessarily the amount a *pharmacy* bills for the service.

You may avoid higher out-of-pocket expenses by choosing a *participating pharmacy*, or by utilizing the home delivery program whenever possible. In addition, you may also reduce your costs by asking your *physician*, and your pharmacist, for the more cost-effective *generic* form of *prescription drugs*.

Prescription drug covered expense will always be the lesser of the billed charge or the *prescription drug maximum allowed amount*. Expense is incurred on the date you receive the *drug* for which the charge is made.

When you choose a *participating pharmacy*, the *pharmacy benefits manager* will subtract any expense which is not covered under your *prescription drug* benefits. The remainder is the amount of *prescription drug covered expense* for that claim. You will not be responsible for any

amount in excess of the *prescription maximum allowed amount* for the covered services of a *participating pharmacy*.

When the *pharmacy benefits manager* receives a claim for *drugs* supplied by a *non-participating pharmacy*, they first subtract any expense which is not covered under your *prescription drug* benefits, and then any expense exceeding the *prescription maximum allowed amount*. The remainder is the amount of *prescription drug covered expense* for that claim.

You will always be responsible for expense incurred which is not covered under this *plan*.

PRESCRIPTION DRUG CO-PAYMENTS

After the *pharmacy benefits manager* determines *prescription drug covered expense*, they will subtract your Prescription Drug Co-Payment for each *prescription*.

If your Prescription Drug Co-Payment includes a percentage of *prescription drug covered expense*, then the *pharmacy benefits manager* will apply that percentage to such expense. This will determine the dollar amount of your Prescription Drug Co-Payment.

The Prescription Drug Co-Payments are set forth in the SUMMARY OF BENEFITS.

HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS

When You Go to a Participating Pharmacy. To identify you as a *member* covered for *prescription drug* benefits, you will be issued an identification card. You must present this card to *participating pharmacies* when you have a *prescription* filled. Provided you have properly identified yourself as a *member*, a *participating pharmacy* will only charge your Co-Payment.

Many *participating pharmacies* display an "Rx" decal with our logo in their window. For information on how to locate a *participating pharmacy* in your area, call 1-855-250-8954 (or TTY/TDD 711).

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a *prescription* to a *participating pharmacy*, and the *participating pharmacy* indicates your *prescription* cannot be filled, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the *prescription* filled, you will have to pay either the full cost, or the additional Co-Payment, for the *prescription drug*. If you believe you are entitled to some *plan* benefits in connection with the *prescription drug*, submit a claim for reimbursement to the *pharmacy benefits manager* at the address shown below:

**Prescription Drug Program
ATTN: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Participating pharmacies usually have claims forms, but, if the *participating pharmacy* does not have claim forms, claim forms and customer service are available by calling 1-855-250-8954 (or TTY/TDD 711). Mail your claim, with the appropriate portion completed by the pharmacist, to the *pharmacy benefits manager* within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

Important Note: If we determine that you may be using *prescription drugs* in a harmful or abusive manner, or with harmful frequency, your selection of *participating pharmacies* may be limited. If this happens, we may require you to select a single *participating pharmacy* that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single *participating pharmacy*. We will contact you if we determine that use of a single *participating pharmacy* is needed and give you options as to which *participating pharmacy* you may use. If you do not select one of the *participating pharmacies* we offer within 31 days, we will select a single *participating pharmacy* for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "GRIEVANCE PROCEDURES" section.

When You Go to a Non-Participating Pharmacy. If you purchase a *prescription drug* from a *non-participating pharmacy*, you will have to pay the full cost of the *drug* and submit a claim to us, at the address below:

**Prescription Drug Program
ATTN: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Non-participating pharmacies do not have our prescription drug claim forms. You must take a claim form with you to a *non-participating pharmacy*. The pharmacist must complete the *pharmacy's* portion of the form and sign it.

Claim forms and Member Services are available by calling 1-855-250-8954 (or TTY/TDD 711). Mail your claim with the appropriate portion completed by the pharmacist to us within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

When You are Out of State. If you need to purchase a *prescription drug* out of the state of California, you may locate a *participating pharmacy* by calling 1-855-250-8954 (or TTY/TDD 711)). If you cannot locate a *participating pharmacy*, you must pay for the *drug* and submit a claim to us. (See "When You Go to a Non-Participating Pharmacy" above.)

When You Order Your Prescription Through the Home Delivery Program. You can order your *prescription* through the home delivery *prescription drug* program. Not all medications are available through the home delivery pharmacy.

The *prescription* must state the drug name, dosage, directions for use, quantity, the *physician's* name and phone number, the patient's name and address, and be signed by a *physician*. You must submit it with the appropriate payment for the amount of the purchase, and a properly completed order form. You need only pay the cost of your Co-Payment.

Your first home delivery *prescription* must also include a completed Patient Profile questionnaire. The Patient Profile questionnaire can be obtained by calling the toll-free number on your ID card. You need only enclose the *prescription* or refill notice, and the appropriate payment for any subsequent home delivery prescriptions, or call the toll-free number. Co-payments can be paid by check, money order or credit card.

Order forms can be obtained by contacting us at 1-855-250-8954 (or TTY/TDD 711) to request one. The form is also available on-line at www.anthem.com/ca.

PRESCRIPTION DRUG UTILIZATION REVIEW

Your *prescription drug* benefits include utilization review of *prescription drug* usage for your health and safety. Certain *drugs* may require prior authorization. If there are patterns of over-utilization or misuse of *drugs*, our medical consultant will notify your personal *physician* and your pharmacist. We reserve the right to limit benefits to prevent over-utilization of *drugs*.

Revoking or modifying a prior authorization. A prior authorization of benefits for *prescription drugs* may be revoked or modified prior to your receiving the *drugs* for reasons including but not limited to the following:

This includes items that can be obtained over the counter for which a *physician's* prescription is not required by law.

When these items are covered as *preventive care services*, the Calendar Year Deductible, if any, will not apply and no co-payment will apply. In addition, any separate deductible that applies to *prescription drugs* will not apply.

17. *Drugs* obtained outside of the United States unless they are furnished in connection with *urgent care* or an *emergency*.
18. Allergy desensitization products or allergy serum. While not covered under this *prescription drug* benefit, such *drugs* are covered as specified under the "Hospital", "Skilled Nursing Facility", and "Professional Services" provisions of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED (see Table of Contents), subject to all terms of this *plan* that apply to those benefits.
19. Infusion *drugs*, except *drugs* that are self-administered subcutaneously. While not covered under this *prescription drug* benefit, infusion *drugs* are covered as specified under the "Professional Services" and "Infusion Therapy or Home Infusion Therapy" provisions of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED (see Table of Contents), subject to all terms of this *plan* that apply to those benefits.

20. Herbal supplements, nutritional and dietary supplements. However, formulas prescribed by a *physician* for the treatment of phenylketonuria that are obtained from a *pharmacy* are covered as specified under PRESCRIPTION DRUG SERVICES AND SUPPLIES THAT ARE COVERED. Special food products that are not available from a *pharmacy* are covered as specified under the "Special Food Products" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED (see Table of Contents), subject to all terms of this *plan* that apply to the benefit. Also, vitamins, supplements, and certain over-the-counter items as specified under PREVENTIVE PRESCRIPTION DRUGS AND OTHER ITEMS are covered under this *plan* only when obtained with a *physician's prescription*, subject to all terms of this *plan* that apply to those benefits.
21. *Prescription drugs* with a non-prescription (over-the-counter) chemical and dose equivalent except insulin. This does not apply if an over-the-counter equivalent was tried and was ineffective.
22. Onychomycosis (toenail fungus) *drugs* except to treat patients who are immuno-compromised or diabetic.

COORDINATION OF BENEFITS

If you are covered by more than one group health plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans. These coordination provisions apply separately to each *member*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits, will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.

4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired *subscriber*.

For example: You are covered as a retired *subscriber* under this plan and eligible for Medicare (Medicare would normally pay first).

You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second and the plan which covers you as a retired *subscriber* would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
 - b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But, if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a

continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the order of benefit determination provisions of This Plan, this rule will not apply.

6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

For Active Employees and Family Members. If you are a *full-time employee* or a *family member* of a *full-time employee*, and entitled to Medicare, you will receive the full benefits of this *plan*, except as listed below:

1. You are receiving treatment for end-stage renal disease following the first 30 months you are entitled to end-stage renal disease benefits under Medicare; or
2. You are entitled to Medicare benefits as a disabled person, unless you have a current employment status as determined by Medicare rules through a *group* of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, our payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

For Retired Employees and Their Spouses and Disabled Retirees or a Disabled Dependent of a Retiree under age 65. If a *member* is a *retired employee* or the *spouse* of a *retired employee* and eligible for Medicare Part A, having made the required number of quarterly contributions to the Social Security System, or if you are a disabled retiree or a disabled dependent of a retiree under age 65, the *member's* benefits under this *plan* will be paid up to either Medicare's Allowable charge, or the *maximum allowed amount*, depending on what kind of provider is used and whether or not that provider accepts assignment from Medicare.

1. When any *participating* or *non-participating provider* accepts assignment from Medicare, Anthem will pay the difference between Medicare's payment and Medicare's approved amount. The *member* is not responsible for the difference between Medicare's approved amount and the total charge when the provider accepts assignment of benefits.
2. When a *participating provider* does not accept assignment from Medicare, Anthem will pay the difference between Medicare's payment and the *maximum allowed amount*. The *member* is not responsible for the difference between the *maximum allowed amount* and the total charge when a *participating provider* does not accept assignment of benefits.
3. When a *non-participating provider* does not accept assignment from Medicare, Anthem will pay the difference between Medicare's payment and the *maximum allowed amount* for that service. The *member* will be responsible for any difference between the *maximum allowed amount* for that service and the total amount billed.
4. For Medicare Part B, the plan deductible will not apply.
5. For inpatient *hospital* claims, Anthem will pay the Medicare Part A deductible and coinsurance.

If no payment is made by Medicare because the charge has been applied toward the deductible or because Medicare does not cover that service, full benefits of this *plan* will be paid by Anthem for covered services.

Anthem will apply this method of payment when a *member* is retired and eligible to enroll in Medicare Part A, whether or not a *member* is actually

enrolled in Medicare Parts A or B, and whether or not benefits to which a *member* is entitled are actually paid by Medicare.

Note: You must notify the Los Angeles Police Relief Association, Inc. if you are a retiree or *family member* under age 65 and have elected Medicare due to disability.

Coordinating Benefits With Medicare. We will not provide benefits under this *plan* that duplicate any benefits to which you would be entitled under Medicare. This exclusion applies to all parts of Medicare in which you can enroll without paying additional premium. If you are required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if you are enrolled in that part.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this *plan* except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this *plan*.
2. For services you receive that are covered both by Medicare and under this *plan*, coverage under this *plan* will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this *plan* will not exceed the *maximum allowed amount* for the covered services.

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care.

Certain services must be reviewed to determine medical necessity in order for you to get benefits. Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a service that was asked for is not *medically necessary* if you have not tried other treatments that are more cost-effective.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.

- Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are *medically necessary*) include, but are not limited to, the following:

1. The appropriate utilization reviews must be performed in accordance with this *plan*. When pre-service review is not performed as required for the services listed below, the benefits to which you would have been otherwise entitled will be subject to the Non-Certification Penalty shown in the SUMMARY OF BENEFITS.
 - Scheduled, non-emergency inpatient *hospital stays* and *residential treatment center* admissions, including detoxification and rehabilitation.

Exceptions: Pre-service review is not required for inpatient *hospital stays* for the following services:

 - ◆ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
 - ◆ Mastectomy and lymph node dissection.
 - Specific non-emergency outpatient services, including diagnostic treatment and other services.
 - Specific outpatient surgeries performed in an outpatient facility or a doctor's office.
2. When pre-service review is performed and the admission, procedure or service is determined to be *medically necessary* and appropriate, benefits will be provided for the services listed below.

- Transplant services, including transplant travel expense. The following criteria must be met for certain transplants, as follows:
 - ◆ For bone, skin or cornea transplants, the *physicians* on the surgical team and the facility in which the transplant is to take place must be approved for the transplant requested.
 - ◆ For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, the providers of the related preoperative and postoperative services must be approved and the transplant must be performed at a *Centers of Medical Excellence (CME)* facility.
- Air ambulance in a non-medical *emergency*.
- A specified number of additional visits for physical therapy, physical medicine, occupational therapy and chiropractic care if you need more visits than is provided under the “Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. While there is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, occupational therapy and chiropractic care, additional visits in excess of the stated number of visits must be authorized in advance.
- Specific durable medical equipment.
- Infusion therapy or home infusion therapy, if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.
- Home health care. The following criteria must be met:
 - ◆ The services can be safely provided in your home, as certified by your attending *physician*;
 - ◆ Your attending *physician* manages and directs your medical care at home; and
 - ◆ Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.
- Admissions to a *skilled nursing facility*, if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.

- Specific diagnostic procedures, including but not limited to: Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scan), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography, and Nuclear Cardiac Imaging. You may call the toll-free Member Services telephone number on your identification card to find out if an imaging procedure requires pre-service review.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.
- *Partial hospitalization programs*, intensive outpatient programs, transcranial magnetic stimulation (TMS).
- Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a *physician*.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Grievance Procedures” section to see what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

We will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your *agreement* was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	5 business days from the receipt of the request

Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	72 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review	5 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting *physician* of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.

We will notify you and your *physician* of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. We will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *agreement* with the *group* terminates;
- You reach a benefit maximum that applies to the service in question;

- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables us to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, we discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor do we have an obligation to provide it; we provide these services at our sole and absolute discretion.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

Our health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a covered service. We may also extend services beyond the benefit maximums of this *plan*. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest of you and us and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits

or approving alternate care. In such case, we will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, we may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in our discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, we may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt claims from medical review if certain conditions apply.

If we exempt a process, health care provider, or claim from the standards that would otherwise apply, we are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. We may stop or modify any such exemption with or without advance notice.

We also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's* members.

You may determine whether a health care provider participates in certain programs by checking our online provider directory on our website at www.anthem.com/ca or by calling us at the Member Services telephone number listed on your ID card.

HOW COVERAGE BEGINS AND ENDS

Please contact a LAPRA Benefits Representative at (213) 674-3701 or (888) 252-7721 for information regarding Eligibility.

HOW COVERAGE ENDS

Your coverage ends without notice from us as provided below:

1. If the *agreement* between the *group* and Anthem terminates, your coverage ends at the same time. This *agreement* may be canceled or changed without notice to you.
2. If the *group* no longer provides coverage for the class of *members* to which you belong, your coverage ends on the effective date of that change. If this *agreement* is amended to delete coverage for *family members*, a *family member's* coverage ends on the effective date of that change.
3. Coverage for *family members* ends when *subscriber's* coverage ends.
4. Coverage ends at the end of the period for which subscription charges have been paid to us on your behalf when the required subscription charges for the next period are not paid.
5. If you voluntarily cancel coverage at any time, as permitted by the plan, coverage ends on the last day of the month following the date you file a coverage cancellation form.
6. If you no longer meet the requirements as established by the *group*, your coverage ends as of the subscription charge due date coinciding with or following the date you cease to meet such requirements.

Exception to Item 6:

Handicapped Children: If a *child* reaches the age limit shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *family member* if he or she is (i) covered under this *plan*, (ii) chiefly dependent on the *subscriber*, *spouse* or *domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. We will notify the *subscriber* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *subscriber* must send proof of the *child's* physical or mental condition within 60-days of the date the *subscriber* receives our request. If we do not complete our

determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *subscriber, spouse or domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, and EXTENSION OF BENEFITS.

Unfair Termination of Coverage. If you believe that your coverage has been or will be improperly terminated, you may file a grievance with us in accordance with the procedures described in the section entitled GRIEVANCE PROCEDURES. You should file your grievance as soon as possible after you receive notice that your coverage will end. You may also request a review of the matter by the Director of the Department of Managed Health Care. If your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this *plan* until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care (this does not apply if your coverage is cancelled for non-payment of subscription charges). If your coverage is maintained in force pending outcome of the review, subscription charges must still be paid to us on your behalf.

CONTINUATION OF COVERAGE

IF YOU ARE ENROLLED IN MEDICARE PART D, ONE OR MORE OF THE FOLLOWING PROVISIONS MAY NOT APPLY TO YOU, AS DESCRIBED BELOW. PLEASE REFER TO THE SECTIONS THAT ARE ENTITLED “APPLICABLE TO RETIRED CALIFORNIA RESIDENTS WITH MEDICARE PART D” FOR INFORMATION ON CONTINUATION OF COVERAGE.

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *agreement* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your employer for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this “Definitions” provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the “Terms of COBRA Continuation” provisions below.

Applicable to Active and Retired California Residents:

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *agreement* as either a *subscriber* or *family member*; and (b) a *child* who is born to or placed for adoption with the *subscriber* during the COBRA continuation period. Qualified Beneficiary does not include: (a) any person who was not enrolled during the Initial Enrollment Period, including any *family members* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above; or (b) a *domestic partner*, or a *child* of a *domestic partner*, if they are eligible.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *agreement*. The events will be referred to throughout this section by number.

1. For Subscribers and Family Members:

- a. The *subscriber’s* termination of employment, for any reason other than gross misconduct; or

- b. Loss of coverage under an employer's health plan due to a reduction in the *subscriber's* work hours; or
- 2. **For Retired Employees and their Family Members.** Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *group's* filing for Chapter 11 bankruptcy, provided that:
 - a. The *agreement* expressly includes coverage for retirees; and
 - b. Such cancellation or reduction of benefits occurs within one year before or after the *group's* filing for bankruptcy.
- 3. **For Family Members:**
 - a. The death of the *subscriber*;
 - b. The *spouse's* divorce or legal separation from the *subscriber*;
 - c. The end of a *child's* status as a dependent *child*, as defined by the *agreement*; or
 - d. The *subscriber's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or *family member*, **other than a *domestic partner*, and a *child of a domestic partner***, may choose to continue coverage under the *agreement* if your coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *group* or its administrator (we are not the administrator) will notify either the *subscriber* or *family member* of the right to continue coverage under COBRA, as provided below:

- 1. For Qualifying Events 1, or 2, the *group* or its administrator will notify the *subscriber* of the right to continue coverage.
- 2. For Qualifying Events 3(a) or 3(d) above, a *family member* will be notified of the COBRA continuation right.
- 3. You must inform the *group* within 60 days of Qualifying Events 3(b) or 3(c) above if you wish to continue coverage. The *group* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *group* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *members* within a family, or only for selected *members*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial subscription charge, must be delivered to us by the *group* within 45 days after you elect COBRA continuation coverage.

Additional Family Members. A *spouse* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *agreement* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *group* may require that you pay the entire cost of your COBRA continuation coverage, plus 2%. This cost, called the "subscription charge", must be remitted to the *group* each month during the COBRA continuation period. We must receive payment of the subscription charge each month from the *group* in order to maintain the coverage in force.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *subscriber*;
2. A *child* if neither the *subscriber* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the subscription charge will be the two-party or three-party rate depending on the number of *children* enrolled); and
3. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a *member*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the subscription charge is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *family members* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *agreement*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation, or the end of dependent *child* status;*
3. The end of 36 months from the date the *subscriber* became entitled to Medicare, if the Qualifying Event was the *subscriber's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *subscriber* will end 36 months from the date the *subscriber* became entitled to Medicare;
4. The date the *agreement* terminates;
5. The end of the period for which subscription charges are last paid;
6. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
7. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*. Additional note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Subject to the *agreement* remaining in effect, a retired *subscriber* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *family members* may continue coverage for 36 months after the *subscriber's*

death. But coverage could terminate prior to such time for either the *subscriber* or *family member* in accordance with items 4, 5 or 6 above.

Applicable to Retired California Residents with Medicare Part D:

Qualified Beneficiary means a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *agreement* as either a *subscriber* or enrolled *spouse*. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including a *spouse* acquired during the COBRA continuation period. It does not include *domestic partners* if they are eligible.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *agreement*. The events will be referred to throughout this section by number.

1. **For Retired Employees and the Spouse.** Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *group's* filing for Chapter 11 bankruptcy, provided that:
 - a. The *agreement* expressly includes coverage for retirees; and
 - b. Such cancellation or reduction of benefits occurs within one year before or after the *group's* filing for bankruptcy.
2. **For the Spouse:**
 - a. The death of the *subscriber*; or
 - b. The *spouse's* divorce or legal separation from the *subscriber*.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or enrolled *spouse* may choose to continue coverage under the *agreement* if coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *group* or its administrator (we are not the administrator) will notify either the *subscriber* or *spouse* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Event 1, the *group* or its administrator will notify the *subscriber* of the right to continue coverage.
2. For Qualifying Event 2(a), the *spouse* will be notified of the COBRA continuation right.

3. You must inform the *group* within 60 days of Qualifying Event 2(b) if you wish to continue coverage. The *group* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *group* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for both *family members*, or for the *subscriber* only, or for the *spouse* only.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial subscription charge, must be delivered to us by the *group* within 45 days after you elect COBRA continuation coverage.

Additional Family Members. A *spouse* acquired during the COBRA continuation period is eligible to be enrolled, provided that the *spouse* meets the eligibility requirements as established by the *group*. The standard enrollment provisions of the *agreement* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *group* may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "subscription charge", must be remitted to the *group* each month during the COBRA continuation period. We must receive payment of the subscription charge each month from the *group* in order to maintain the coverage in force.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to a *spouse* whose COBRA continuation began due to divorce, separation or death of the *subscriber*.

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the subscription charge is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For a *spouse* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *agreement*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation;*
2. The date the *agreement* terminates;

3. The end of the period for which subscription charges are last paid;
4. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*.

Subject to the *agreement* remaining in effect, a retired *subscriber* whose COBRA continuation coverage began due to Qualifying Event 1 may be covered for the remainder of his or her life; that person's enrolled *spouse* may continue coverage for 36 months after the *subscriber's* death. But coverage could terminate prior to such time for either the *subscriber* or *spouse* in accordance with any of the items above.

Applicable to Active and Retired California Residents:

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish the *group* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the *group* must remit the cost for the extended continuation coverage to us. This cost (called the "subscription charge") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be **150%** of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. The cost for extended continuation coverage must be remitted to us by the *group* each month during the period of extended continuation coverage. We must receive timely payment of the subscription charge each month from the *group* in order to maintain the extended continuation coverage in force.
3. The *group* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The subscription charge shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event*;
3. The date the *agreement* terminates;
4. The end of the period for which subscription charges are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *group* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

***Note:** If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Applicable to Active and Retired California Residents:

CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or
2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, we will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify us in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. If you don't give us written notification within this time period you will not be able to continue your coverage.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

Additional Family Members. A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *agreement* apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You will be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “subscription charge”). This cost will be:

1. 110% of the applicable *group* rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable *group* rate if your coverage under federal COBRA ended after 29 months.

You must make payment to us within the timeframes specified below. We must receive payment of your subscription charge each month to maintain your coverage in force.

Payment Dates. The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required subscription charges and subscription charges due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding subscription charges are due on the first day of each following month.

If subscription charges are not received when due, your coverage will be cancelled. We will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we receive after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid subscription charges that you owe to us, including subscription charges that apply during any grace period.

Change of Subscription Charge. The amounts of the subscription charges may be changed by us as of any subscription charge due date. We will provide you with written notice at least 60 days prior to the date any subscription charge increase goes into effect.

Accuracy of Information. You are responsible for supplying up-to-date eligibility information. We shall rely upon the latest information received as correct without verification; but we maintain the right to verify any eligibility information you provide.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the *prior plan*, your coverage may continue under this *plan* for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and subscription charge payment requirements of this *plan* within 30 days of receiving notice that your continuation coverage under the *prior plan* will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the subscription charge, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For *family members* properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the *agreement*.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the *agreement* terminates;
3. The date the *group* no longer provides coverage to the class of *members* to which you belong;
4. The end of the period for which subscription charges are last paid (your coverage will be cancelled upon written notification, as explained under "Payment Dates", above);
5. The date you become covered under any other health plan;
6. The date you become entitled to Medicare; or
7. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the qualifying event under that *prior plan*.

**Applicable to Active, Retired and
Retired California Residents with Medicare Part D:**

EXTENSION OF BENEFITS

If you are a *totally disabled subscriber* or a *totally disabled family member* and under the treatment of a *physician* on the date of discontinuance of the *agreement*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient stay is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
 - d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Availability of Care. If there is an epidemic or public disaster and you cannot obtain care for covered services, we refund the unearned part of the subscription charge paid for you. A written request for that refund and satisfactory proof of the need for care must be sent to us within 31 days. This payment fulfills our obligation under this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Care Coordination. We pay *participating providers* in various ways to provide covered services to you. For example, sometimes we may pay *participating providers* a separate amount for each covered service they provide. We may also pay them one amount for all covered services related to treatment of a medical condition. Other times, we may pay a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, we may pay *participating providers* financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to us because they did not meet certain standards. You do not share in any payments made by *participating providers* to us under these programs.

Confidentiality and Release of Medical Information. We will use reasonable efforts, and take the same care to preserve the confidentiality of the *member's* medical information. We may use data collected in the course of providing services hereunder for statistical evaluation and research. If such data is ever released to a third party, it shall be released only in aggregate statistical form without identifying the *member*. Medical information may be released only with the written consent of the *member* or as required by law. It must be signed, dated and must specify the nature of the information and to which persons and organizations it may be disclosed. *Members* may access their own medical records.

We may release your medical information to professional peer review organizations and to the *group* for purposes of reporting claims experience or conducting an audit of our operations, provided the information disclosed is reasonably necessary for the *group* to conduct the review or audit.

A statement describing our policies and procedures for preserving the confidentiality of medical records is available and will be furnished to you upon request.

Conformity with Laws. Any provision of the *agreement* which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, Anthem will provide benefits at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract with us terminates (unless the provider's contract terminates for reasons of medical disciplinary cause or reason, fraud, or other criminal activity).

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with Anthem prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with Anthem prior to termination. If the provider does not agree with these contractual terms and conditions, we are not required to continue the provider's services beyond the contract termination date.

Anthem will provide such benefits for the completion of covered services by a terminated provider only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by Anthem in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Such benefits will not apply to providers who have been terminated due to medical disciplinary cause or reason, fraud, or other criminal activity.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on the *member's* clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

We will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. We will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, we are not required to continue that provider's services. If you disagree with our determination regarding continuity of care, you may file a grievance with us by following the procedures described in the section entitled GRIEVANCE PROCEDURES.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Financial Arrangements with Providers. Anthem or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its *subscribers* and *members/insured* persons entitled to health care benefits under individual certificates and group policies or contracts to which Anthem or an affiliate is a party, including all persons covered under the *agreement*.

Under the above-referenced contracts between Providers and Anthem or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *agreement* may differ from the rates paid for persons covered by other types of products or programs offered by Anthem or an affiliate for the same medical services. In negotiating the terms of the *agreement*, the *group* was aware that Anthem or its affiliates offer several types of products and programs. The *subscribers*, *family members* and the *group* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically applicable to Anthem or its affiliates' agreements for insured group accounts.

Also, under arrangements with some Providers certain discounts, payments, rebates, settlements, incentives, adjustments and/or allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by Anthem or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by Anthem or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by Anthem or an affiliate in determining its fees or subscription charges or premiums.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. However, your choice may affect the benefits payable according to this *plan*.

Independent Contractors. Our relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not our agents nor are we, or any of our employees, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services

outside the geographic area we serve (the “Anthem Blue Cross” Service Area”), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the *group* on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment

we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency* services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

- *Physician* services;

- Inpatient hospital care not arranged through Blue Cross Blue Shield Global Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

Liability of Subscriber to Pay Providers. In accordance with California law, you will not be required to pay any *participating provider* or *other health care provider* any amounts we owe to that provider (not including co-payments or deductibles), even in the unlikely event that we fail to pay that provider. You may be liable, however, to pay *non-participating providers* any amounts not paid to them by us.

Medical Necessity. The benefits of this *plan* are provided only for services which we determine to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Medical Policy and Technology Assessment. Anthem reviews and evaluates new technology according to its technology evaluation criteria developed by its medical directors. Technology assessment criteria is used to determine the investigational status or medical necessity of new technology. Guidance and external validation of Anthem's medical policy is provided by the Medical Policy and Technology Assessment Committee (MPTAC) which consists of approximately 20 physicians from various medical specialties including Anthem's medical directors, physicians in academic medicine and physicians in private practice. Conclusions made are incorporated into medical policy used to establish decision protocols for particular diseases or treatments and applied to *medical necessity* criteria used to determine whether a procedure, service, supply or equipment is covered.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Notice of Claim. You or the provider of service must send properly and fully completed claim forms to us within 90 days of the date you receive the service or supply for which a claim is made. Services received and charges for the services must be itemized, and clearly and accurately described. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. We are not liable for the benefits of the *agreement* if you do not file claims within the required time period. Claim forms must be used; canceled checks or receipts are not acceptable.

To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to our website at www.anthem.com/ca and download and print one.

Payment to Providers. We will pay the benefits of this *plan* directly to *contracting hospitals, participating providers, CME* and medical transportation providers. Also, we will pay *non-contracting hospitals* and other providers of service directly when you assign benefits in writing. If you are a MediCal beneficiary and you assign benefits in writing to the State Department of Health Services, we will pay the benefits of this *plan* to the State Department of Health Services. These payments will fulfill our obligation to you for those covered services.

Plan Administrator - COBRA. In no event will we be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA). The term "plan administrator" refers either to the *group* or to a person or entity other than us, engaged by the *group* to perform or assist in performing administrative tasks in connection with the *group's* health plan. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this booklet, the *group* is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

Prepayment Fees. The *group* is responsible for paying subscription charges to us for all coverage provided to you and your *family members*. The *group* may require that you contribute all or part of the costs of these subscription charges. Please consult the *group* for details.

Program Incentives. We may offer incentives from time to time at our discretion in order to introduce you to new programs and services available under this *plan*. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as we offer the incentives program. We may discontinue an incentive for a particular new service or program at any time. If you have any questions

about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your subscription charges are paid according to the terms of the *agreement*.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from us, be subject to a reduced negotiated rate in the event the participating *physician* fails to make routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*). *Hospitals* and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of a *participating provider's* total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, *participating providers* may be required to make payment to us under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the *member's* access to health care. The program payments are not made as payment for specific covered services provided to the *member*, but instead, are based on the *participating provider's* achievement of these pre-defined standards. The *member* is not responsible for any co-payment amounts related to payments made by us or to us under the programs and the member does not share in any payments made by *participating providers* to us under the programs.

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Public Policy Participation. We have established a Public Policy Committee (that we call our Consumer Relations Committee) to advise our Board of Directors. This Committee advises the Board about how to assure the comfort, dignity, and convenience of the people we cover. The Committee consists of members covered by our health plan, participating providers and a member of our Board of Directors. The Committee may review our financial information and information about the nature, volume, and resolution of the complaints we receive. The Consumer Relations Committee reports directly to our Board.

Renewal Provisions. The *group's* health plan *agreement* with us is subject to renewal at certain intervals. We may change the subscription charges or other terms of the *plan* from time to time.

Right of Recovery. Whenever payment has been made in error, we will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event we recover a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, we will only recover such payment from the provider within 365 days of the date we made the payment on a claim submitted by the provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if we pay your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, we may collect such amounts directly from you. You agree that we have the right to recover such amounts from you.

We have oversight responsibility for compliance with provider and vendor and subcontractor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

We have established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by us or you if the recovery method makes providing such notice administratively burdensome.

If the *non-participating provider* does not agree to accept said reimbursement and contractual requirements, we are not required to continue that provider's services. If you do not meet the criteria for Transition Assistance, you are afforded due process including having a *physician* review the request.

Workers' Compensation Insurance. The *agreement* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

BINDING ARBITRATION

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this *plan* or the *agreement*, or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute regarding a claim for damages within the jurisdictional limits of the small claims court will be resolved in such court.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The *member* and Anthem agree to be bound by these arbitration provisions and acknowledge that they are giving up their right to trial by jury for both medical malpractice claims and any other disputes.

California Health & Safety Code section 1363.1 requires that any arbitration agreement include the following notice based on California Code of Civil Procedure 1295(a): **It is understood that any dispute as to medical malpractice, that is, whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings and except for disputes regarding a claim for damages within the jurisdictional limits of the small claims court. Both parties to this**

contract, by entering into it, acknowledge that they are giving up their constitutional right to have any and all disputes, including medical malpractice claims, decided in a court of law before a jury, and instead are accepting the use of arbitration.

The *member* and Anthem agree to give up the right to participate in class arbitrations against each other. Even if applicable law permits class actions or class arbitrations, the *member* waives any right to pursue, on a class basis, any such controversy or claim against Anthem and Anthem waives any right to pursue on a class basis any such controversy or claim against the *member*.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the *member* making written demand on Anthem. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS"), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the *member* and Anthem, or by order of the court, if the *member* and Anthem cannot agree.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, Anthem will assume all or a portion of the costs of the arbitration.

Please send all Binding Arbitration demands in writing to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member Services Department listed on your identification card.

GRIEVANCE PROCEDURES

We want your experience with us to be as positive as possible. There may be times, however, when you have a complaint, problem, or question about your *plan* or a service you have received. If you have a question or complaint about your eligibility, (including if you believe your coverage under this *plan* has been or will be improperly terminated), your benefits under this *plan*, a *participating provider*, concerning a claim, or about us, please call the telephone number listed on your identification card, or you may write to us (please address your correspondence to Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310

marked to the attention of the Member Services Department listed on your identification card). Our Member Services staff will answer your questions or assist you in resolving your issue.

If you are not satisfied with the resolution based on your initial inquiry, you may request a copy of the Plan Grievance Form from the Member Services representative. You may complete and return the form to us, or ask the Member Services representative to complete the form for you over the telephone. You may also submit a grievance to us online or print the Plan Grievance Form through the Anthem Blue Cross website at www.anthem.com/ca. You must submit your grievance to us no later than 180 days following the date you receive a denial notice from us or any other incident or action with which you are dissatisfied. Your issue will then become part of our formal grievance process and will be resolved accordingly.

All grievances received by us will be acknowledged in writing, together with a description of how we propose to resolve the grievance. Except for grievances that concern the *prescription drug formulary*, we will review and respond to your grievance within the following timeframes:

- After we have received your grievance, we will send you a written statement on its resolution within 30 days.
- If your case is urgent and involves an imminent threat to your health, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily function, review of your grievance will be expedited and resolved within three days.

You have the right to review all documents that are part of your grievance file and to present evidence and testimony as part of the grievance process.

If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

If you are dissatisfied with the resolution of your grievance, or if your grievance has not been resolved after at least 30 days (or within three days for urgent cases), you may submit your grievance to the California Department of Managed Health Care for review prior to binding

arbitration (see DEPARTMENT OF MANAGED HEALTH CARE). If your case is urgent and involves an imminent threat to your health, as described above, you are not required to complete our grievance process or to wait at least 30 days, but may immediately submit your grievance to the Department of Managed Health Care (DMHC) for review. If your grievance concerns the termination of your coverage, you may also immediately submit your grievance to the DMHC if the DMHC determines your grievance requires immediate review.

If your grievance concerns the termination of your coverage and your coverage is still in effect when you submit a grievance, we will continue to provide coverage to you under the terms of this *plan* until a final determination of your request for review has been made, including any review by the Director of the Department of Managed Health Care. (Note: This does not apply if your coverage is cancelled due to non-payment of subscription charges.) If your coverage has already ended when you submit the grievance, your coverage will not be maintained. If the Director of the Department of Managed Health Care determines that your coverage should not have been terminated, we will reinstate your coverage back to the date it was terminated. Subscription charges must be paid current to us on your behalf from the date coverage is reinstated.

If at the conclusion of review of your grievance by the Department of Managed Health Care you continue to be dissatisfied with its resolution, or prior to and instead of review of your case by the Department of Managed Health Care, your remedy may be binding arbitration (see BINDING ARBITRATION).

Independent Medical Review of Denials of Experimental or Investigative Treatment

If coverage for a proposed treatment is denied because we determine that the treatment is *experimental* or *investigative*, you may ask that the

denial be reviewed by an external independent medical review organization contracting with the Department of Managed Health Care ("DMHC"). Your request for this review may be submitted to the DMHC. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross, P.O. Box 4310, Woodland Hills, CA 91365-4310. To qualify for this review, all of the following conditions must be met:

- You have a life-threatening or seriously debilitating condition, described as follows:
 - ◆ A life-threatening condition is a condition or disease where the likelihood of death is high unless the course of the disease is interrupted or a condition or disease with a potentially fatal outcome where the end point of clinical intervention is the patient's survival.
 - ◆ A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- Your *physician* must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this *plan* than the proposed treatment.
- The proposed treatment must either be:
 - ◆ Recommended by a *participating provider* who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or
 - ◆ Requested by you or by a licensed board certified or board eligible *physician* qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
 - a) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;

- b) Medical literature meeting the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
- c) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
- d) Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;
- e) Any of the following references, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: (i) the Elsevier Gold Standard's Clinical Pharmacology, (ii) the National Comprehensive Cancer Network Drug and Biologics Compendium, or (iii) the Thomson Micromedex DrugDex;
- f) Findings, studies or research conducted by or under the auspices of federal governmental agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Centers for Medicare and Medicaid Services, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services; and
- g) Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You must request this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

Within three business days of receiving notice from the DMHC of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *physician*. Any newly developed or discovered relevant medical records identified by us or by a *participating provider* after the initial documents are sent will be immediately

forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your *physician* determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

Please note: If you have a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less) and proposed treatment is denied because the treatment is determined to be *experimental*, you may also meet with our review committee to discuss your case as part of the grievance process (see GRIEVANCE PROCEDURES).

Independent Medical Review of Grievances Involving a Disputed Health Care Service

You may request an independent medical review ("IMR") of disputed health care services from the Department of Managed Health Care ("DMHC") if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your *plan* that has been denied, modified, or delayed by us, in whole or in part because the service is not *medically necessary*.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form and an addressed envelope for you to use to request IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.

Eligibility: The DMHC will review your application for IMR to confirm that:

1. One or more of the following conditions has been met:
 - (a) Your provider has recommended a health care service as *medically necessary*,
 - (b) You have received *urgent care* or *emergency services* that a provider determined was *medically necessary*, or
 - (c) You have been seen by a *participating provider* for the diagnosis or treatment of the medical condition for which you seek independent review;

2. The disputed health care service has been denied, modified, or delayed by us, based in whole or in part on a decision that the health care service is not *medically necessary*; and
3. You have filed a grievance with us and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review you need not participate in our grievance process for more than three days. The DMHC may waive the requirement that you follow our grievance process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your grievance or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the DMHC for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is *medically necessary*. You will receive a copy of the assessment made in your case. If the IMR determines the service is *medically necessary*, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the DMHC must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

For more information regarding the IMR process, or to request an application form, please call us at the Member Services telephone number listed on your ID card.

ORGAN DONATION

Each year, organ transplantation saves thousands of lives. The success rate for transplantation is rising but there are far more potential recipients than donors. More donations are urgently needed.

Organ donation is a singular opportunity to give the gift of life. Anyone age 18 or older and of sound mind can become a donor when he or she dies. Minors can become donors with parental or guardian consent.

Organ and tissue donations may be used for transplants and medical research. Today it is possible to transplant more than 25 different organs and tissues; this can save the lives of as many as eight people and improve the lives of another 50 people. Your decision to become a donor could someday save or prolong the life of someone you know, perhaps even a close friend or family member.

If you decide to become a donor, please discuss it with your family. Let your physician know your intentions as well. You may register as a donor by obtaining a donor card from the Department of Motor Vehicles. Be sure to sign the donor card and keep it with your driver's license or identification card. In California, you may also register online at:

www.donatelifecalifornia.org/

While organ donation is a deeply personal decision, please consider making this profoundly meaningful and important gift.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the Member Services telephone number listed on your ID card.

STATEMENT OF RIGHTS UNDER THE WOMEN'S HEALTH AND CANCER RIGHTS ACT OF 1998

This *plan*, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema). If you have any questions about this coverage, please call us at the Member Services telephone number listed on your ID card.

underwritten by**

Anthem Blue Cross Life and Health Insurance Company

CERTIFICATE OF INSURANCE

Anthem Blue Cross Life and Health Insurance Company
21555 Oxnard Street
Woodland Hills, California 91367

This Certificate of Insurance, including any amendments and endorsements to it, is a summary of the important terms of your health plan. It replaces any older certificates issued to you for the coverages described in the Summary of Benefits. The Group Policy, of which this certificate is a part, must be consulted to determine the exact terms and conditions of coverage. If you have special health care needs, you should read those sections of the Certificate of Insurance that apply to those needs. LAPRA will provide you with a copy of the Group Policy upon request.

Your health care coverage is insured by Anthem Blue Cross Life and Health Insurance Company (Anthem Blue Cross Life and Health). The following pages describe your health care benefits and includes the limitations and all other *policy* provisions which apply to you. The *insured person* is referred to as "you" or "your," and Anthem Blue Cross Life and Health as "we," "us" or "our." All italicized words have specific *policy* definitions. These definitions can be found in the DEFINITIONS section of this certificate.

TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers. There are two kinds of *participating providers* in this *plan*:

- **PPO Providers** are providers who participate in a Blue Cross and/or Blue Shield Plan. PPO Providers have agreed to a rate they will accept as reimbursement for covered services that is generally lower than the rate charged by Traditional Providers. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services.
- **Traditional Providers** are providers who might not participate in a Blue Cross and/or Blue Shield Plan, but have agreed to a rate they will accept as reimbursement for covered services for PPO members.

If you need details about a provider's license or training, or help choosing a *physician* who is right for you, call the Member Services number on the back of your ID card.

The level of benefits we will pay under this *plan* is determined as follows:

- If your *plan* identification card (ID card) shows a PPO suitcase logo and:
 - You go to a PPO Provider, you will get the higher level of benefits of this *plan*.
 - You go to a Traditional Provider because there are no PPO Providers in your area, you will get the higher level of benefits of this *plan*.
- If your ID card does NOT have a PPO suitcase logo, you must go to a Traditional Provider to get the higher level of benefits of this *plan*.

How to Access Primary and Specialty Care Services

- Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider specialty care provider* you choose (certain providers' services are covered only upon

referral of an M.D. (medical doctor) or D.O. (doctor of osteopathy), see “Physician,” below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

- To make an appointment call your *physician’s* office:
 - Tell them you are a Prudent Buyer Plan *member*.
 - Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
 - Tell them the reason for your visit.
- When you go for your appointment, bring your Member ID card.
- After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency Care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in your area. A directory of PPO Providers is available. You can get a directory from your plan administrator (usually LAPRA).

Certain categories of providers defined in this certificate as *participating providers* may not be available in the Blue Cross and/or Blue Shield Plan in the service area where you receive services. See “Co-Payments” in the SUMMARY OF BENEFITS section and “Maximum Allowed Amount” in the YOUR MEDICAL BENEFITS section for additional information on how health care services you obtain from such providers are covered.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in a Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions.

Anthem Blue Cross Life and Health has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be

determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that we'll cover expense you incur from them when they're practicing within their specialty the same as we would if the care were provided by a medical doctor.

Other Health Care Providers. *Other health care providers* are neither *physicians* nor *hospitals*. They are mostly free-standing facilities, such as skilled nursing facilities, or service organizations, such as ambulance companies. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not *participating providers*.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* contract and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call us at the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Participating and Non-Participating Pharmacies. "Participating Pharmacies" agree to charge only the *prescription drug maximum allowed amount* to fill the *prescription*. You pay only your co-payment amount.

"Non-Participating Pharmacies" have not agreed to the *prescription drug maximum allowed amount*. The amount that will be covered as *prescription drug covered expense* is significantly lower than what these providers customarily charge.

If you are enrolled in Medicare Part D, please refer to your Anthem Blue MedicareRx evidence of coverage for your pharmacy benefits.

Centers of Medical Excellence and Blue Distinction Centers. We are providing access to *Centers of Medical Excellence* (CME) networks and *Blue Distinction Centers for Specialty Care* (BDCSC). The facilities included in each of these networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, *CME* and *BDCSC* have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a *CME* or *BDCSC*.**

Care Outside the United States—BlueCard Worldwide

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has BlueCard Worldwide benefits. Your coverage outside the United States is limited and we recommend:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with *urgent care* or an *emergency* when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The BlueCard Worldwide Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a *physician* appointment or hospitalization, if needed.

Payment Information

- **Participating BlueCard Worldwide hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCard Worldwide *hospitals* except for the out-of-pocket costs you normally pay (noncovered services, deductible, copays, and coinsurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and inpatient care from a *hospital* that is not a participating BlueCard Worldwide *hospital*. Then you can complete a BlueCard Worldwide claim form and send it with the original bill(s) to the BlueCard Worldwide Service Center (the address is on the form).

Claim Filing

- **Participating BlueCard Worldwide hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating BlueCard Worldwide *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to us.

Additional Information About BlueCard Worldwide Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.
- Exchange rates are determined as follows:
 - For inpatient *hospital* care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from us, from the BlueCard Worldwide Service Center, or online at:

www.bcbs.com/bluecardworldwide.

The address for submitting claims is on the form.

SUMMARY OF BENEFITS

THE BENEFITS OF THIS CERTIFICATE ARE PROVIDED ONLY FOR SERVICES WHICH ARE CONSIDERED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED.

This summary provides a brief outline of your benefits. You need to refer to the entire certificate for complete information about the benefits, conditions, limitations and exclusions of your *plan*.

The benefits provided in this certificate are subject to applicable federal and California laws. There are some states that require more generous benefits be provided to their residents even if the master policy was not issued in their state. If your state has such requirements, we will adjust your benefits to meet the minimum requirements.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

After Hours Care. After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Telehealth. This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this plan may be subject to the REIMBURSEMENT FOR ACTS OF THIRD PARTIES section.

- Your Co-Payment for hospice care services will be **20%** of the *maximum allowed amount*.
- Your Co-Payment for hearing aids will be **20%** of the *maximum allowed amount*.
- Your Co-Payment for specified transplants (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) determined to be *medically necessary* and performed at a designated *CME* or *BDCSC* will be the same as for *participating providers*. **Services for specified transplants are not covered when performed at other than a designated CME or BDCSC.** See UTILIZATION REVIEW PROGRAM.

NOTE: No Co-Payment will be required for the transplant travel expenses authorized by us in connection with a specified transplant performed at a designated *CME* or *BDCSC*. Transplant travel expense coverage is available when the closest *CME* or *BDCSC* is 75 miles or more from the recipient's or donor's residence.

- Co-Payments do not apply to transgender travel expenses authorized by us. Transgender travel expense coverage is available when the facility at which the surgery or series of surgeries will be performed is 75 miles or more from the *insured person's* residence.

Out-of-Pocket Amount*. After you have made the following total out-of-pocket payments for covered charges incurred during a *calendar year*, you will no longer be required to pay a Co-Payment for the remainder of that *year*, but you remain responsible for costs in excess of the *maximum allowed amount*.

Per *insured person*:

- *Participating providers and other health care providers*.....**\$2,000**
- *Non-participating providers*.....**\$3,000**

Per family:

- *Non-participating providers*.....**\$9,000****

****** But not more than the Out-of-Pocket Amount per *insured person* indicated above for any one enrolled family member. For any given family member, the Out-of-Pocket Amount is met either after he/she meets the amount for Per *insured person*, or after the entire family Out-of-Pocket Amount is met. The family Out-of-Pocket Amount can be met by any combination of amounts from any family member.

***Exceptions:**

- You will be required to continue to pay your Co-Payment for the treatment of *infertility* even after you have reached your Out-Of-Pocket Amount. In addition, any Co-Payments you make for such treatment will not be applied toward reaching that amount.
- Expense which is incurred for non-covered services or supplies, which is in excess of the *maximum allowed amount*, will not be applied toward your Out-of-Pocket Amount.

PREScription DRUG BENEFITS

IF YOU ARE ENROLLED IN MEDICARE PART D, PLEASE REFER TO YOUR ANTHEM BLUE MEDICARE RX EVIDENCE OF COVERAGE FOR YOUR PHARMACY BENEFITS.

PREScription DRUG CO-PAYMENTS. The following co-payments apply for each *prescription*:

Retail Pharmacies: The following co-payments apply for a 30-day supply of medication if the *drug* is not a *maintenance drug*. If the *drug* is a *maintenance drug*, the *prescription* must not exceed a 90-day supply of medication. If a 90-day supply of a *maintenance drug* is obtained from a retail *pharmacy*, the *insured person* has to pay double the amount of co-payment for retail *pharmacies*.

Participating Pharmacies

- *Generic Drugs*.....\$15
- *Brand Name Drugs*.....\$25
- Self-administered injectable
drugs, except insulin20%
of *prescription drug covered expense*
to a maximum copayment of **\$150**
for each *prescription*

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a *prescription* to a *participating pharmacy*, and the *participating pharmacy* indicates your *prescription* cannot be filled, your deductible, if any, needs to be satisfied, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the *prescription* filled, you will have to pay either the full cost, or the additional Co-Payment, for the *prescription drug*. If you believe you are entitled to some *plan* benefits in connection with the *prescription drug*, submit a claim for reimbursement to the *pharmacy benefits manager*.

Non-Participating Pharmacies*

- *Generic Drugs*.....\$15
plus **50%** of the remaining *prescription drug covered expense*
- *Brand Name Drugs*.....\$25
plus **50%** of the remaining *prescription drug covered expense*

- Self-administered injectable drugs, except insulin**20%**
of *prescription drug covered expense*
to a maximum copayment of **\$150** for each *prescription*
plus **50%** of the remaining *prescription drug covered expense*

Home Delivery Prescriptions: The following co-payments apply for a 90-day supply of medication.

- *Generic Drugs*.....**\$30**
- *Brand Name Drugs*.....**\$50**
- Self-administered injectable drugs, except insulin**20%**
of *prescription drug covered expense*
to a maximum copayment of **\$300**
for each *prescription*

Exceptions to Prescription Drug Co-payments

- “Preventive Prescription Drugs and Other Items” covered under YOUR PRESCRIPTION DRUG BENEFITS **No charge**

Your copayment for orally administered anti-cancer medications will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail *pharmacy*.....**\$200**
- For a 90-day supply through home delivery**\$600**

Your copayment for all other *drugs* covered under this *plan* will not exceed the lesser of any applicable copayment listed above or:

- For a 30-day supply from a retail *pharmacy*.....**\$250**
- For a 90-day supply through home delivery**\$750**

Prescription Drug Out-of-Pocket Amount**

After you pay **\$4,850** in *co-payments* per *insured person* or **\$7,700** in *co-payments* per family in one year for your *drugs*, you will have reached the Prescription Drug Out-of-Pocket Amount and you will not need to pay any more *co-payments* for *drugs* the rest of the year.

****Exception:** Expense which is in excess of the *prescription drug maximum allowed amount* will not be applied to the Prescription Drug Out-of-Pocket Amount.

***Important Note About Prescription Drug Covered Expense and Your Co-Payment:** *Prescription drug covered expense for non-participating pharmacies is significantly lower than what providers customarily charge, so you will almost always have a higher out-of-pocket expense when you use a non-participating pharmacy.*

YOU WILL BE REQUIRED TO PAY YOUR CO-PAYMENT AMOUNT TO THE PARTICIPATING PHARMACY AT THE TIME YOUR PRESCRIPTION IS FILLED.

Note: If your pharmacy's retail price for a *drug* is less than the co-payment shown above, you will not be required to pay more than that retail price.

Preferred Generic Program

Prescription drugs will always be dispensed by a *pharmacist* as prescribed by your *physician*. Your *physician* may order a *brand name drug* or a *generic drug* for you. You may request your *physician* to prescribe a *brand name drug* for you or you may request the *pharmacist* to give you a *brand name drug* instead of a *generic drug*. Under this *plan*, if a *generic drug* is available, and it is not determined that the *brand name drug* is *medically necessary* for you to have (see PRESCRIPTION DRUG FORMULARY: Prior Authorization below), you will have to pay the co-payment for the *generic drug* plus the difference in cost between the *prescription drug maximum allowed amount* for the *generic drug* and the *brand name drug*, but, not more than 50% of our average cost for the tier that the *brand name drug* is in. If your *physician* specifies "dispense as written," in lieu of paying the co-payment for the *generic drug* plus the difference, as previously stated, you will pay just the applicable co-payment shown for the *brand name drug* you get.

Split Fill Dispensing Program

The split fill program is designed to prevent and/or minimize wasted *prescription drugs* if your *prescription* or dose changes between fills, by allowing only a portion of your *prescription* to be obtained through the specialty pharmacy program. This program also saves you out-of-pocket expenses.

The *drugs* that are included under this program have been identified as requiring more frequent follow up to monitor response to treatment and potential reactions or side-effects. This program allows you to get your *prescription drug* in a smaller quantity and at a prorated copay so that if your dose changes or you have to stop taking the *prescription drug*, you can save money by avoiding costs for *prescription drugs* you may not use. You can access the list of these *prescription drugs* by calling the toll-free number on your member ID card or log on to the website at www.anthem.com.

Therapeutic Substitution

Therapeutic substitution is an optional program that tells you and your *physicians* about alternatives to certain *prescription drugs*. We may contact you and your *physician* to make you aware of these choices. Only you and your *physician* can determine if the therapeutic substitute is right for you. For questions or issues about therapeutic *drug* substitutes, please call the toll-free number on your member ID card.

Day Supply and Refill Limits

Certain day supply limits apply to prescription drugs as listed in the "PRESCRIPTION DRUG COPAYMENTS" and "PRESCRIPTION DRUG CONDITIONS OF SERVICE" sections of this plan. In most cases, you must use a certain amount of your prescription before it can be refilled. In some cases we may let you get an early refill. For example, we may let you refill your prescription early if it is decided that you need a larger dose. We will work with the pharmacy to decide when this should happen.

If you are going on vacation and you need more than the day supply allowed, you should ask your pharmacist to call the pharmacy benefits manager and ask for an override for one early refill. If you need more than one early refill, please call Member Services at the number on the back of your Identification Card.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this Certificate of Insurance, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is our payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. In addition, if these services are received from a *non-participating provider*, you may be billed by the provider for the difference between their charges and our *maximum allowed amount*. In many situations, this difference could be significant.

We have provided two examples below, which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has an *insured person* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *insured person* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *insured person's* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *insured person* pays. We pay 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has an *insured person* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *insured person* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *insured person's* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500. We pay the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *insured person* the difference between \$2,000 and \$1,000. So the *insured person's* total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, we will, to the extent applicable, apply claim processing rules to the claim submitted. We use these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if we determine that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers. For covered services performed by a *participating provider* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* has agreed with us to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Note: If an *other health care provider* is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider

will be considered a *participating provider* for the purposes of determining the *maximum allowed amount*.

If a provider defined in this certificate as a *participating provider* is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *non-participating provider* for the purposes of determining the *maximum allowed amount*.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in our Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider*, the *maximum allowed amount* will be based on the applicable Anthem Blue Cross Life and Health *non-participating provider* rate or fee schedule for this plan, an amount negotiated by us or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, Anthem Blue Cross Life and Health will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this plan, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider's contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan's *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds our *maximum allowed amount under this plan*. You may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health*

care provider charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a *participating provider* or visit our website at www.anthem.com/ca. Member Services is also available to assist you in determining this *plan's maximum allowed amount* for a particular covered service from a *non-participating provider* or *other health care provider*.

Please see the "Blue Cross and/or Blue Shield Providers" section in the Part entitled "GENERAL PROVISIONS" for additional information.

***Exceptions:**

- **Cancer Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Cancer Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
 4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

Cost Share

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS

section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

Anthem Blue Cross Life and Health will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

Authorized Referrals

In some circumstances we may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact us in advance of obtaining the covered service. It is your responsibility to ensure that we have been contacted. If we authorize a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. If you receive prior authorization for a *non-participating provider* due to network adequacy issues, you will not be responsible for the difference between the *non-participating provider's* charge and the *maximum allowed amount*. Please call the Member Services telephone number on your ID card for *authorized referral* information or to request authorization.

DEDUCTIBLES, PENALTY, CO-PAYMENTS, OUT-OF-POCKET AMOUNTS AND MEDICAL BENEFIT MAXIMUMS

After we subtract any applicable deductible, penalty and your Co-Payment, we will pay benefits up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Penalty, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES AND PENALTY

Each deductible under this *plan* is separate and distinct from the other. Only the covered charges that make up the *maximum allowed amount* will apply toward the satisfaction of any deductible except as specifically indicated in this booklet.

Calendar Year Deductibles. Each *year*, you will be responsible for satisfying the *insured person's* Calendar Year Deductible before we begin to pay benefits. If *insured persons* of an enrolled family pay deductible expense in a *year* equal to the Family Deductible, the Calendar Year Deductible for all *family members* will be considered to have been met.

Any *covered expense* applied to your Calendar Year Deductible during October through December will also be applied toward your Calendar Year Deductible for the next *year*.

Participating Providers and Other Health Care Providers. Covered charges up to the *maximum allowed amount* for the services of *participating providers* and *other health care providers* will be applied to the *participating provider* and *other health care provider* Calendar Year and Family Deductibles. When these deductibles are met, however, we will pay benefits only for the services of *participating providers* and *other health care providers*. We will not pay any benefits for *non-participating providers* unless the separate *non-participating provider* Calendar Year or Family Deductible (as applicable) is met.

Non-Participating Providers. Covered charges up to the *maximum allowed amount* for the services of *non-participating providers* will be applied to the *non-participating provider* Calendar Year and Family Deductibles. We will pay benefits for the services of *non-participating providers* only when the applicable *non-participating provider* deductible is met.

Prior Plan Calendar Year Deductibles. If you were covered under the *prior plan* (including LAPRA's Anthem Blue Cross Plus HMO Plan), any amount paid during the same *calendar year* toward your Calendar Year Deductible under the *prior plan*, will be applied toward your Calendar Year Deductible under this *plan*; provided that, such payments were for charges that would be covered under this *plan*.

Additional Deductible and Penalty

1. Each time you visit an emergency room for treatment you will be responsible for paying the Emergency Room Deductible. But this deductible will not apply if you are admitted as a *hospital* inpatient from the emergency room immediately following emergency room treatment.
2. Each time you are admitted to a *hospital* or *residential treatment center* without properly obtaining certification, you are responsible for paying the Non-Certification Penalty. This penalty will not apply to an *emergency* admission or procedure, services provided at a *participating provider* or to *medically necessary* inpatient facility services available to you through the BlueCard Program. Certification is explained in UTILIZATION REVIEW PROGRAM.

Note: You will no longer be responsible for paying any Additional Deductible and Penalty for the remainder of the *year* once your Out-of-Pocket Amount is reached (see the SUMMARY OF BENEFITS section for details).

CO-PAYMENTS

After you have satisfied any applicable deductible, we will subtract your Co-Payment from the *maximum allowed amount* remaining.

If your Co-Payment is a percentage, we will apply the applicable percentage to the *maximum allowed amount* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-Of-Pocket Amount. If, after the amounts applied to Deductibles and the amounts you pay for Co-Payments are equal to your Out-of-Pocket Amount per *insured person* during a *calendar year*, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, except as specifically stated below under Charges Which Do Not Apply Toward the Out-of-Pocket Amount.

If enrolled *insured persons* of a family pay amounts applied to Deductibles and Co-Payments in a *year* equal to the Out-of-Pocket

Amount per family, the Out-of-Pocket Amount for all *insured persons* of that family will be considered to have been met. Once the family Out-of-Pocket Amount is satisfied, no *insured person* of that family will be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, except as specifically stated under Charges Which Do Not Apply Toward the Out-of-Pocket Amount below. However, we will not credit any expense previously applied to the Out-of-Pocket Amount per *insured person* in the same *year* for any other *insured person* of that family.

Participating Providers, and Other Health Care Providers. Amounts applied to a Deductible and covered charges up to the *maximum allowed amount* for the services of *participating providers*, and *other health care providers* will be applied to the *Participating Providers, and Other Health Care Providers* Out-of-Pocket Amount.

After this Out-of-Pocket Amount per *insured person* or family has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *participating provider*, or *other health care provider* for the remainder of that *year*. You will continue to be required to make Co-Payments for the covered services of a *non-participating provider* until the *Non-Participating Providers* Out-of-Pocket Amount has been met.

Non-Participating Providers. Amounts applied to a Deductible and covered charges up to the *maximum allowed amount* for the services of *non-participating providers* will be applied to the *Non-Participating Providers* Out-of-Pocket Amount.

After this Out-of-Pocket Amount has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *non-participating provider* for the remainder of that *year*.

Charges Which Do Not Apply Toward the Out-Of-Pocket Amount. The following charges will not be applied toward satisfaction of an Out-Of-Pocket Amount:

- Charges for services for the treatment of *infertility*;
- Charges for services or supplies not covered under this plan; and
- Charges which exceed the *maximum allowed amount*.

MEDICAL BENEFIT MAXIMUMS

We do not make benefit payments for any *insured person* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

1. You must incur this expense while you are covered under this *plan*. Expense is incurred on the date you receive the service or supply for which the charge is made.
2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.
4. The expense must not be for a medical service or supply listed in MEDICAL CARE THAT IS NOT COVERED. If the service or supply is partially excluded, then only that portion which is not excluded will be covered under this plan.
5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.
6. Any services received must be those which are regularly provided and billed by the provider. In addition, those services must be consistent with the illness, injury, degree of disability and your medical needs. Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a *physician*.

Applicable to Active and Retired Non-California Residents:

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Acupuncture. The services of a *physician* for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. We will pay for up to 24 visits during a *calendar year*.

Adult Preventive Services. Services and supplies provided in connection with all generally medically accepted cancer screening tests including FDA-approved cancer screenings for cervical cancer and human papillomavirus (HPV) screening, mammography testing and appropriate screening for breast cancer including BRCA testing if appropriate (in conjunction with genetic counseling and evaluation), prostate cancer screenings, colorectal cancer screenings, and the office visit related to those services. Also included is human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis. The Calendar Year Deductible will not apply to these services when they are provided by a *participating provider*. Adult Preventive Services are considered to be *preventive care services*. No copayment will apply to these services when they are provided by a *participating provider*.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,

- Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats

you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

1. Diagnostic mammogram examinations in connection with the treatment of a diagnosed illness or injury. Routine mammograms will be covered initially with Adult Preventive Services benefit (see "Adult Preventive Services").

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated.  - i. The Department of Veterans Affairs,
 - ii. The Department of Defense, or
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your *physician* after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.
2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.
3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

To fully understand your coverage under this *plan*, please carefully review this Certificate of Insurance document.

You or your *physician* can contact Member Services to learn which *pharmacy* or *pharmacies* are part of a *designated pharmacy provider* program.

For *prescription drugs* that are shipped to you or your *physician* and administered in your *physician's* office, you and your *physician* are required to order from a *designated pharmacy provider*. A patient care coordinator will work with you and your *physician* to obtain precertification and to assist shipment to your *physician's* office.

We may, from time to time, change with or without advance notice, the *designated pharmacy provider* for a *drug*, such change can help provide cost effective, value based and/or quality services.

If you are required to use a *designated pharmacy provider* and you choose not to obtain your *prescription drug* from a *designated pharmacy provider*, coverage will be the same as for a *non-participating provider*.

Inpatient *hospital* benefits in connection with childbirth will be provided for at least 48 hours following a normal delivery or 96 hours following a cesarean section, unless the mother and her *physician* decide on an earlier discharge. Please see the section entitled FOR YOUR INFORMATION for a statement of your rights under federal law regarding these services.

2. Medical *hospital* benefits for routine nursery care of a newborn *child*, if the *child's* natural mother is an *insured person*. Routine nursery care of a newborn child includes screening of a newborn for genetic diseases, congenital conditions, and other health conditions provided through a program established by law or regulation.
3. Certain services are covered under the "Physical Exam" benefit. Please see that provision for further details.

Prescription Drug for Abortion. Mifepristone is covered when provided under the Food and Drug Administration (FDA) approved treatment regimen.

Prescription Drugs Obtained From Or Administered By a Medical Provider.

Your *plan* includes benefits for *prescription drugs*, including *specialty drugs* that must be administered to you as part of a *physician* visit, services from a *home health agency* or at an outpatient *hospital* when they are covered services. This may include *drugs* for infusion therapy, chemotherapy, blood products, certain injectables and any drug that must be administered by a *physician*. This section describes your benefits when your *physician* orders the medication and administers it to you.

Benefits for *drugs* that you inject or get at a *retail pharmacy* (i.e., self-administered *drugs*) are not covered under this section. Benefits for those and other covered *drugs* are described under YOUR PRESCRIPTION DRUG BENEFITS, if included.

Non-duplication of benefits applies to *pharmacy drugs* under this *plan*. When benefits are provided for *pharmacy drugs* under the *plan's* medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for *pharmacy drugs* under your prescription drug benefits, if included, they will not be provided under the *plan's* medical benefits.

Prior Authorization. Your *plan* includes certain features to determine when *prescription drugs* should be covered, which are described below. As part of these features, your prescribing *physician* may be asked to give more details before we can decide if the *drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,
- Specific *physician* qualifications including, but not limited to, REMS certification (Risk, Evaluation and Mitigation Strategies),
- Step therapy requiring one *prescription drug*, a *prescription drug* regimen or another treatment be used prior to use of another *prescription drug* or *prescription drug* regimen for safety and/or affordability when clinically similar results may be anticipated and one option is less costly than another, and
- Use of a *prescription drug formulary*.

You or your *physician* can get the list of the *prescription drug* that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *physician* may check with us to verify *prescription drug* coverage, to find out which *prescription drug* are covered under this section and if any drug edits apply. However, if we determine through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become an *insured person*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to us using the required uniform prior authorization request form. The request may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

After we get the request from your *physician*, we will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the *plan*.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

If we deny a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are dissatisfied with the resolution of your inquiry and want to file a grievance, you may write us at Anthem Blue Cross Life and Health Insurance Company, 21555 Oxnard Street, Woodland Hills, CA 91367, and follow the formal grievance process.

Specified transplants must be performed at *Centers of Medical Excellence (CME)* or *Blue Distinction Centers for Specialty Care (BDCSC)*. **Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME or BDCSC will not be considered covered.** Call the toll-free telephone number for pre-service review on your identification card if your *physician* recommends a specified transplant for your medical care. Coverage includes, but is not limited to, *medically necessary* services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary* surgery; hormone therapy would be covered under the *plan’s prescription drug* benefits (if such benefits are included).

Services that are excluded on the basis that they are cosmetic include, but are not limited to, liposuction, facial bone reconstruction, voice modification surgery, breast implants, and hair removal. Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Transgender Travel Expense. Certain travel expenses incurred in connection with an approved transgender surgery, when the *hospital* at which the surgery is performed is 75 miles or more from your place of residence, provided the expenses are authorized in advance by us. The following travel expenses incurred by you and one companion are considered covered travel expenses:

- Ground transportation to and from the *hospital* when it is 75 miles or more from your place of residence.
- Coach airfare to and from the *hospital* when it is 300 miles or more from your residence.
- Lodging, limited to one room, double occupancy.
- Other reasonable expenses. Tobacco, alcohol, drug, and meal expenses are excluded.

The Calendar Year Deductible will not apply and no co-payments will be required for transgender travel expenses authorized in advance by us. We will provide benefits for lodging, transportation, and other reasonable expenses up to the current limits set forth in the Internal Revenue Code. This travel expense benefit is not available for non-surgical transgender services.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

1. The recipient; or
2. The donor.

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are *insured persons*, each will get benefits under their plans.
- When the person getting the organ is an *insured person*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.
- If our covered *insured person* is donating the organ to someone who is **not** an *insured person*, benefits are not available under this *plan*.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The *maximum allowed amount* does not include charges for services received without first obtaining our prior authorization or which are provided at a facility other than a transplant center approved by us. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* or *Blue Distinction Centers for Specialty Care (BDCSC)* rules, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call our Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before we will provide benefits for a transplant. Your *physician* must certify, and we must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated *CME* or *BDCSC* that is 75 miles or more from the recipient's or donor's place of residence are covered, provided the expenses are authorized by us in advance. The following expenses incurred by the recipient and one companion* or the donor are considered covered travel expenses:

- Ground transportation to and from the *CME* or *BDCSC* when the designated *CME* or *BDCSC* is 75 miles or more from the recipient's or donor's place of residence.
- Coach airfare to and from the *CME* or *BDCSC* when the designated *CME* or *BDCSC* is 300 miles or more from the recipient's or donor's residence

will provide benefits for lodging and ground transportation, up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

Urgent care can be obtained from *participating providers* or *non-participating providers*.

**Applicable to Retired Non-California Residents
with Medicare Part D:**

MEDICAL CARE THAT IS COVERED

Subject to the Medical Benefit Maximums in the SUMMARY OF BENEFITS, the requirements set forth under CONDITIONS OF COVERAGE and the exclusions or limitations listed under MEDICAL CARE THAT IS NOT COVERED, we will provide benefits for the following services and supplies:

Acupuncture. The services of a *physician* for acupuncture treatment to treat a disease, illness or injury, including a patient history visit, physical examination, treatment planning and treatment evaluation, electroacupuncture, cupping and moxibustion. We will pay for up to 24 visits during a *calendar year*.

Adult Preventive Services. Services and supplies provided in connection with all generally medically accepted cancer screening tests including FDA-approved cancer screenings for cervical cancer and human papillomavirus (HPV) screening, mammography testing and appropriate screening for breast cancer including BRCA testing if appropriate (in conjunction with genetic counseling and evaluation), prostate cancer screenings, colorectal cancer screenings, and the office visit related to those services. Also included is human immunodeficiency virus (HIV) testing, regardless of whether the testing is related to a primary diagnosis. The Calendar Year Deductible will not apply to these services when they are provided by a *participating provider*. Adult Preventive Services are considered to be *preventive care services*. No copayment will apply to these services when they are provided by a *participating provider*.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with us to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,

- Between hospitals, including when you are required to move from a hospital that does not contract with us to one that does, or
- Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, we reserve the right to select the air ambulance provider. If you do not use the air ambulance we select in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this plan will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats

you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

Ambulatory Surgical Center. Services and supplies provided by an *ambulatory surgical center* in connection with outpatient surgery.

Ambulatory surgical center services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Blood. Blood transfusions, including blood processing and the cost of unreplaced blood and blood products. Charges for the collection, processing and storage of self-donated blood are covered, but only when specifically collected for a planned and covered surgical procedure.

Body Scan. We will pay for services and supplies provided in connection to body scan for screening purposes up to **\$250** per *calendar year*. The Calendar Year Deductible will not apply to these services. **Services under the Body Scan benefit are covered only if provided by a participating provider.**

Breast Cancer. Services and supplies provided in connection with the screening for, diagnosis of, and treatment for breast cancer whether due to illness or injury, including:

1. Diagnostic mammogram examinations in connection with the treatment of a diagnosed illness or injury. Routine mammograms will be covered initially with Adult Preventive Services benefit (see "Adult Preventive Services").
2. Breast cancer (BRCA) testing, if appropriate, in conjunction with genetic counseling and evaluation. When done as a *preventive care service*, BRCA testing will be covered under the Adult Preventive Services benefit.
3. Mastectomy and lymph node dissection; complications from a mastectomy including lymphedema.
4. Reconstructive surgery of both breasts performed to restore and achieve symmetry following a *medically necessary* mastectomy.

5. Breast prostheses following a mastectomy (see "Prosthetic Devices").

This coverage is provided according to the terms and conditions of this *plan* that apply to all other medical conditions.

Benefits for the following services will be provided when an *insured person* manifests symptoms of a covered illness or injury and receives Christian Science treatment for such symptoms.

1. **Christian Science Sanatorium.** Services provided by a *Christian Science sanatorium* if the *insured person* is admitted for active care of an illness or injury.
2. **Christian Science Practitioner.** Office visits for services of a *Christian Science practitioner* providing treatment for a diagnosed illness or injury according to the healing practices of Christian Science.
3. **Christian Science Nurse.** Services of a *Christian Science Nurse* providing treatment for a diagnosed illness or injury according to the healing practices of Christian Science.

NO BENEFITS ARE AVAILABLE FOR SPIRITUAL REFRESHMENT.

All other provisions of the **EXCLUSIONS AND LIMITATIONS** in this booklet apply equally to Christian Science benefits as to all other benefits and providers of care.

Clinical Trials. Coverage is provided for routine patient costs you receive as a participant in an approved clinical trial. The services must

be those that are listed as covered by this plan for *insured persons* who are not enrolled in a clinical trial.

Routine patient care costs include items, services, and drugs provided to you in connection with an approved clinical trial that would otherwise be covered by the *plan*.

An “approved clinical trial” is a phase I, phase II, phase III, or phase IV clinical trial that studies the prevention, detection, or treatment of cancer or another life-threatening disease or condition, from which death is likely unless the disease or condition is treated. Coverage is limited to the following clinical trials:

1. Federally funded trials approved or funded by one or more of the following:
 - a. The National Institutes of Health,
 - b. The Centers for Disease Control and Prevention,
 - c. The Agency for Health Care Research and Quality,
 - d. The Centers for Medicare and Medicaid Services,
 - e. A cooperative group or center of any of the four entities listed above or the Department of Defense or the Department of Veterans Affairs,
 - f. A qualified non-governmental research entity identified in the guidelines issued by the National Institutes of Health for center support grants, or
 - g. Any of the following departments if the study or investigation has been reviewed and approved through a system of peer review that the Secretary of Health and Human Services determines (1) to be comparable to the system of peer review of investigations and studies used by the National Institutes of Health, and (2) assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review:
 - i. The Department of Veterans Affairs,
 - ii. The Department of Defense, or
 - iii. The Department of Energy.
2. Studies or investigations done as part of an investigational new drug application reviewed by the Food and Drug Administration.

3. Studies or investigations done for drug trials that are exempt from the investigational new drug application.

Participation in the clinical trial must be recommended by your *physician* after determining participation has a meaningful potential to benefit you. All requests for clinical trials services, including requests that are not part of approved clinical trials, will be reviewed according to our Clinical Coverage Guidelines, related policies and procedures.

Routine patient costs do not include the costs associated with any of the following:

1. The investigational item, device, or service.
2. Any item or service provided solely to satisfy data collection and analysis needs and that is not used in the clinical management of the patient.
3. Any service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
4. Any item, device, or service that is paid for by the sponsor of the trial or is customarily provided by the sponsor free of charge for any enrollee in the trial.

Note: You will be financially responsible for the costs associated with non-covered services.

Disagreements regarding the coverage or medical necessity of possible clinical trial services may be subject to INDEPENDENT MEDICAL REVIEW OF GRIEVANCES INVOLVING A DISPUTED HEALTH CARE SERVICE.

Dental Care

1. **Admissions for Dental Care.** Listed inpatient *hospital* services for up to three days during a *hospital stay*, when such *stay* is required for dental treatment and has been ordered by a *physician* (M.D.) and a dentist (D.D.S. or D.M.D.). We will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the procedure or your medical condition. *Hospital stays* for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.
2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a *hospital* or *ambulatory surgical center*. This applies only if (a) the *insured person* is less than seven years old, (b) the *insured person* is developmentally disabled, or (c) the *insured person's* health is

compromised and general anesthesia is *medically necessary*. Charges for the dental procedure itself, including professional fees of a dentist, may not be covered.

3. **Dental Injury.** Services of a *physician* (M.D.) or dentist (D.D.S. or D.M.D.) solely to treat an *accidental injury* to natural teeth. Coverage shall be limited to only such services that are *medically necessary* to repair the damage done by the *accidental injury* and/or restore function lost as a direct result of the *accidental injury*. Damage to natural teeth due to chewing or biting is not *accidental injury*.
4. **Cleft Palate.** *Medically necessary* dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. "Cleft palate" means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.
5. **Orthognathic surgery.** Orthognathic surgery for a physical abnormality that prevents normal function of the upper or lower jaw and is *medically necessary* to attain functional capacity of the affected part.

Important: If you decide to receive dental services that are not covered under this *plan*, a *participating provider* who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this *plan*, please call us at the Member Services telephone number listed on your ID card. To fully understand your coverage under this *plan*, please carefully review this Certificate of Insurance document.

Designated Pharmacy Provider. We may establish one or more *designated pharmacy provider* programs which provide specific pharmacy services (including shipment of *prescription drugs*) to *members*. A *participating provider* is not necessarily a *designated pharmacy provider*. To be a *designated pharmacy provider*, the *participating provider* must have signed a *designated pharmacy provider* agreement with us. You or your *physician* can contact Member Services to learn which *pharmacy* or *pharmacies* are part of a *designated pharmacy provider* program.

For *prescription drugs* that are shipped to you or your *physician* and administered in your *physician's* office, you and your *physician* are required to order from a *designated pharmacy provider*. A patient care coordinator will work with you and your *physician* to obtain precertification and to assist shipment to your *physician's* office.

We may also require you to use a *designated pharmacy provider* to obtain *prescription drugs* for treatment of certain clinical conditions such as hemophilia. We reserve our right to modify the list of *prescription drugs* as well as the setting and/or level of care in which the care is provided to you. We may, from time to time, change with or without advance notice, the *designated pharmacy provider* for a *drug*, such change can help provide cost effective, value based and/or quality services.

If you are required to use a *designated pharmacy provider* and you choose not to obtain your *prescription drug* from a *designated pharmacy provider*, coverage will be the same as for a *non-participating provider*.

You can get the list of the *prescription drugs* covered under this section by calling Member Services at the phone number on the back of your Identification Card or check our website at www.anthem.com.

Prior Authorization. Your *plan* includes certain features to determine when *prescription drugs* should be covered, which are described below. As part of these features, your prescribing *physician* may be asked to give more details before we can decide if the *drug* is eligible for coverage. In order to determine if the *prescription drug* is eligible for coverage, we have established criteria.

The criteria, which are called drug edits, may include requirements regarding one or more of the following:

- Quantity, dose, and frequency of administration,
- Specific clinical criteria including, but not limited to, requirements regarding age, test result requirements, and/or presence of a specific condition or disease,

You or your *physician* can get the list of the *prescription drug* that require prior authorization by calling the phone number on the back of your identification card or check our website at www.anthem.com. The list will be reviewed and updated from time to time. Including a *prescription drug* or related item on the list does not guarantee coverage under your *plan*. Your *physician* may check with us to verify *prescription drug* coverage, to find out which *prescription drug* are covered under this section and if any drug edits apply. However, if we determine through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become an *insured person*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, we will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to us using the required uniform prior authorization request form. The request may be made by mail, telephone, facsimile, or it may be made electronically. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

After we get the request from your *physician*, we will review the request and respond within the following time periods:

- 72 hours for non-urgent requests, and
- 24 hours if exigent circumstances exist. Exigent circumstances exist if you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function, or if you are undergoing a current course of treatment using a drug not covered by the *plan*.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

If we deny a request for prior authorization of a *specialty pharmacy drug*, you or your prescribing *physician* may appeal our decision by calling us at 1-800-700-2541 (or TTY/TDD 1-800-905-9821). If you are dissatisfied with the resolution of your inquiry and want to file a grievance, you may write us at Anthem Blue Cross Life and Health Insurance Company, 21555 Oxnard Street, Woodland Hills, CA 91367, and follow the formal grievance process.

To maximize your benefits, you should call our Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. We will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* or *Blue Distinction Centers for Specialty Care (BDCSC)* rules, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call our Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before we will provide benefits for a transplant. Your *physician* must certify, and we must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to us as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated *CME* or *BDCSC* that is 75 miles or more from the recipient's or donor's place of residence are covered, provided the expenses are authorized by us in advance. The following expenses incurred by the recipient and one companion* or the donor are considered covered travel expenses:

- Ground transportation to and from the *CME* or *BDCSC* when the designated *CME* or *BDCSC* is 75 miles or more from the recipient's or donor's place of residence.
- Coach airfare to and from the *CME* or *BDCSC* when the designated *CME* or *BDCSC* is 300 miles or more from the recipient's or donor's residence
- Lodging, limited to one room, double occupancy
- Other reasonable expenses. Tobacco, alcohol, drug expenses, and meals are excluded.

*Note: When the *insured person* recipient is under 18 years of age, this benefit will apply to the recipient and two companions or caregivers.

The Calendar Year Deductible will not apply and no co-payments will be required for transplant travel expenses authorized in advance by us. We

will provide benefits for lodging and ground transportation, up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

This *plan* provides coverage for behavioral health treatment for Pervasive Developmental Disorder or autism. This coverage is provided according to the terms and conditions of this *plan* that apply to all other medical conditions, except as specifically stated in this section.

Behavioral health treatment services covered under this *plan* are subject to the same deductibles, coinsurance, and copayments that apply to services provided for other covered medical conditions. Services provided by Qualified Autism Service Providers, Qualified Autism Service Professionals, and Qualified Autism Service Paraprofessionals (see the "Definitions" below) will be covered under *plan* benefits for office visits to *physicians*, whether services are provided in the provider's office or in the patient's home. Services provided in a facility, such as the outpatient department of a *hospital*, will be covered under *plan* benefits that apply to such facilities.

You must obtain pre-service review for all behavioral health treatment services for the treatment of Pervasive Developmental Disorder or autism in order for these services to be covered by this *plan* (see UTILIZATION REVIEW PROGRAM for details).

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in this section, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

DEFINITIONS

Pervasive Developmental Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders, includes Autistic Disorder, Rett's Disorder, Childhood Disintegrative Disorder, Asperger's Disorder, and Pervasive Developmental Disorder Not Otherwise Specified.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings, depending on the individual's needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

Qualified Autism Service Provider is either of the following:

- A person, entity, or group that is certified by a national entity, such as the Behavior Analyst Certification Board, that is accredited by the National Commission for Certifying Agencies, and who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the person, entity, or group that is nationally certified; or
- A person licensed as a physician and surgeon (M.D. or D.O.), physical therapist, occupational therapist, psychologist, marriage and family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech-language pathologist, or audiologist pursuant to state law, who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the licensee.

The network of *participating providers* may be limited to licensed Qualified Autism Service Providers who contract with a Blue Cross and/or Blue Shield Plan and who may supervise and employ Qualified Autism Service Professionals or Qualified Autism Service Paraprofessionals who provide and administer Behavioral Health Treatment.

Qualified Autism Service Professional is a provider who meets all of the following requirements:

- Provides behavioral health treatment,
- Is employed and supervised by a Qualified Autism Service Provider,
- Provides treatment according to a treatment plan developed and approved by the Qualified Autism Service Provider,
- Is a behavioral service provider approved as a vendor by a California regional center to provide services as an associate behavior analyst,

behavior analyst, behavior management assistant, behavior management consultant, or behavior management program as defined in state regulation or who meets equivalent criteria in the state in which he or she practices if not providing services in California, and

- Has training and experience in providing services for Pervasive Developmental Disorder or autism pursuant to applicable state law.

- Is employed and supervised by a Qualified Autism Service Provider,
- Provides treatment and implements services pursuant to a treatment plan developed and approved by the Qualified Autism Service Provider,
- Meets the criteria set forth in any applicable state regulations adopted pursuant to state law concerning the use of paraprofessionals in group practice provider behavioral intervention services, and
- Has adequate education, training, and experience, as certified by a Qualified Autism Service Provider.

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this *plan* for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

- The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed psychologist,
- The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised and employed by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised and employed by a Qualified Autism Service provider, and
- The treatment plan must have measurable goals over a specific timeline and be developed and approved by the Qualified Autism Service Provider for the specific patient being treated. The treatment

plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:

- ◆ Describes the patient's behavioral health impairments to be treated,
- ◆ Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,
- ◆ Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,
- ◆ Discontinues Intensive Behavioral Intervention services when the treatment goals and objectives are achieved or no longer appropriate, and
- ◆ The treatment plan is not used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and is not used to reimburse a parent for participating in the treatment program. No coverage will be provided for any of these services or costs. The treatment plan must be made available to us upon request.

REIMBURSEMENT FOR ACTS OF THIRD PARTIES

Under some circumstances, an *insured person* may need services under this *plan* for which a third party may be liable or legally responsible by reason of negligence, an intentional act or breach of any legal obligation. In that event, we will provide the benefits of this *plan* subject to the following:

1. We will automatically have a lien, to the extent of benefits provided, upon any recovery, whether by settlement, judgment or otherwise, that you receive from the third party, the third party's insurer, or the third party's guarantor. The lien will be in the amount of benefits we paid under this *plan* for the treatment of the illness, disease, injury or condition for which the third party is liable.
 - If we paid the provider other than on a capitated basis, our lien will not be more than amount we paid for those services.

- If we paid the provider on a capitated basis, our lien will not be more than 80% of the usual and customary charges for those services in the geographic area in which they were given.
 - If you hired an attorney to gain your recovery from the third party, our lien will not be for more than one-third of the money due you under any final judgment, compromise, or settlement agreement.
 - If you did not hire an attorney, our lien will not be for more than one-half of the money due you under any final judgment, compromise or settlement agreement.
 - If a final judgment includes a special finding by a judge, jury, or arbitrator that you were partially at fault, our lien will be reduced by the same comparative fault percentage by which your recovery was reduced.
 - Our lien is subject to a pro rata reduction equal to your reasonable attorney's fees and costs in line with the common fund doctrine.
2. You must advise us in writing, within 60 days of filing a claim against the third party and take necessary action, furnish such information and assistance, and execute such papers as we may require to facilitate enforcement of our rights. You must not take action which may prejudice our rights or interests under your *plan*. Failure to give us such notice or to cooperate with us, or actions that prejudice our rights or interests will be a material breach of this *plan* and will result in your being personally responsible for reimbursing us.
 3. We will be entitled to collect on our lien even if the amount you or anyone recovered for you (or your estate, parent or legal guardian) from or for the account of such third party as compensation for the injury, illness or condition is less than the actual loss you suffered.

YOUR PRESCRIPTION DRUG BENEFITS

IF YOU ARE ENROLLED IN MEDICARE PART D, PLEASE REFER TO YOUR ANTHEM BLUE MEDICARERX EVIDENCE OF COVERAGE FOR YOUR PHARMACY BENEFITS.

PRESCRIPTION DRUG COVERED EXPENSE

Prescription drug covered expense is the maximum charge for each covered service or supply that will be accepted by us for each different type of *pharmacy*. It is not necessarily the amount a *pharmacy* bills for the service.

You may avoid higher out-of-pocket expenses by choosing a *participating pharmacy*, or by utilizing the home delivery program

whenever possible. In addition, you may also reduce your costs by asking your *physician*, and your pharmacist, for the more cost-effective *generic* form of *prescription drugs*.

Prescription drug covered expense will always be the lesser of the billed charge or the *prescription drug maximum allowed amount*. Expense is incurred on the date you receive the *drug* for which the charge is made.

When you choose a *participating pharmacy*, the *pharmacy benefits manager* will subtract any expense which is not covered under your *prescription drug* benefits. The remainder is the amount of *prescription drug covered expense* for that claim. You will not be responsible for any amount in excess of the *prescription maximum allowed amount* for the covered services of a *participating pharmacy*.

When the *pharmacy benefits manager* receives a claim for *drugs* supplied by a *non-participating pharmacy*, they first subtract any expense which is not covered under your *prescription drug* benefits, and then any expense exceeding the *prescription maximum allowed amount*. The remainder is the amount of *prescription drug covered expense* for that claim.

You will always be responsible for expense incurred which is not covered under this *plan*.

PRESCRIPTION DRUG CO-PAYMENTS

After the *pharmacy benefits manager* determines *prescription drug covered expense*, they will subtract your Prescription Drug Co-Payment for each *prescription*.

If your Prescription Drug Co-Payment includes a percentage of *prescription drug covered expense*, then the *pharmacy benefits manager* will apply that percentage to such expense. This will determine the dollar amount of your Prescription Drug Co-Payment.

The Prescription Drug Co-Payments are set forth in the SUMMARY OF BENEFITS.

HOW TO USE YOUR PRESCRIPTION DRUG BENEFITS

When You Go to a Participating Pharmacy. To identify you as an *insured person* covered for *prescription drug* benefits, you will be issued an identification card. You must present this card to *participating pharmacies* when you have a *prescription* filled. Provided you have properly identified yourself as an *insured person*, a *participating pharmacy* will only charge your Co-Payment. For information on how to locate a *participating pharmacy* in your area, call 1-855-250-8954 (or TTY/TDD 711).

Please note that presentation of a prescription to a pharmacy or pharmacist does not constitute a claim for benefit coverage. If you present a *prescription* to a *participating pharmacy*, and the *participating pharmacy* indicates your *prescription* cannot be filled, or requires an additional Co-Payment, this is not considered an adverse claim decision. If you want the *prescription* filled, you will have to pay either the full cost, or the additional Co-Payment, for the *prescription drug*. If you believe you are entitled to some *plan* benefits in connection with the *prescription drug*, submit a claim for reimbursement to us at the address shown below:

**Prescription Drug Program
ATTN: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Participating pharmacies usually have claims forms, but, if the *participating pharmacy* does not have claim forms, claim forms and Member Services are available by calling 1-855-250-8954 (or TTY/TDD 711). Mail your claim, with the appropriate portion completed by the pharmacist, to the *pharmacy benefits manager* within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

Important Note: If we determine that you may be using *prescription drugs* in a harmful or abusive manner, or with harmful frequency, your selection of *participating pharmacies* may be limited. If this happens, we may require you to select a single *participating pharmacy* that will provide and coordinate all future pharmacy services. Benefits will only be paid if you use the single *participating pharmacy*. We will contact you if we determine that use of a single *participating pharmacy* is needed and give you options as to which *participating pharmacy* you may use. If you do not select one of the *participating pharmacies* we offer within 31 days, we will select a single *participating pharmacy* for you. If you disagree with our decision, you may ask us to reconsider it as outlined in the "GRIEVANCE PROCEDURES" section.

When You Go to a Non-Participating Pharmacy. If you purchase a *prescription drug* from a *non-participating pharmacy*, you will have to pay the full cost of the *drug* and submit a claim to us, at the address below:

**Prescription Drug Program
ATTN: Commercial Claims
P.O. Box 2872
Clinton, IA 52733-2872**

Non-participating pharmacies do not have our prescription drug claim forms. You must take a claim form with you to a *non-participating pharmacy*. The pharmacist must complete the *pharmacy's* portion of the form and sign it.

Claim forms and Member Services are available by calling 1-855-250-8954 (or TTY/TDD 711). Mail your claim with the appropriate portion completed by the pharmacist to us within 90 days of the date of purchase. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed.

When You Order Your Prescription Through the Home Delivery Program. You can order your *prescription* through the home delivery *prescription drug* program. Not all medications are available through the home delivery pharmacy.

The *prescription* must state the drug name, dosage, directions for use, quantity, the *physician's* name and phone number, the patient's name and address, and be signed by a *physician*. You must submit it with the appropriate payment for the amount of the purchase, and a properly completed order form. You need only pay the cost of your Co-Payment.

Your first home delivery *prescription* must also include a completed Patient Profile questionnaire. The Patient Profile questionnaire can be obtained by calling the toll-free number shown on your ID card. You need only enclose the *prescription* or refill notice, and the appropriate payment for any subsequent home delivery prescriptions, or call the toll-free number. Co-payments can be paid by check, money order or credit card.

Order forms can be obtained by contacting us at 1-855-250-8954 (or TTY/TDD 711) to request one. The form is also available on-line at www.anthem.com/ca.

PRESCRIPTION DRUG UTILIZATION REVIEW

Your *prescription drug* benefits include utilization review of *prescription drug* usage for your health and safety. Certain *drugs* may require prior authorization. If there are patterns of over-utilization or misuse of *drugs*, our medical consultant will notify your personal *physician* and your pharmacist. We reserve the right to limit benefits to prevent over-utilization of *drugs*.

Revoking or modifying a prior authorization. A prior authorization of benefits for *prescription drugs* may be revoked or modified prior to your receiving the *drugs* for reasons including but not limited to the following:

- The *policy* with the *group* terminates;

- You reach a benefit maximum that applies to *prescription drugs*, if the *plan* includes such a maximum;
- Your *prescription drug* benefits under the *plan* change so that *prescription drugs* are no longer covered or are covered in a different way.

A revocation or modification of a prior authorization of benefits for *prescription drugs* applies only to unfilled portions or remaining refills of the *prescription*, if any, and not to *drugs* you have already received.

COORDINATION OF BENEFITS

If you are covered by more than one group medical plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *insured person*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or

services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.

2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as an *insured employee* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired *employee*.

For example: You are covered as a retired employee under this plan and eligible for Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.

- b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
- 4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
 - 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
 - 6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE INSURED PERSONS

For Retired Employees and Their Spouses and Disabled Retirees or a Disabled Dependent of a Retiree under age 65. If an *insured person* is a *retired employee* or the *spouse of a retired employee* and eligible for Medicare Part A, having made the required number of quarterly contributions to the Social Security System, or if you are a disabled retiree or a disabled dependent of a retiree under age 65, the *insured person's* benefits under this *plan* will be paid up to either Medicare's Allowable charge, or the *maximum allowed amount*, depending on what kind of provider is used and whether or not that provider accepts assignment from Medicare.

1. When any *participating* or *non-participating provider* accepts assignment from Medicare, Anthem Blue Cross Life and Health will pay the difference between Medicare's payment and Medicare's approved amount. The *insured person* is not responsible for the difference between Medicare's approved amount and the total charge when the provider accepts assignment of benefits.
2. When a *participating provider* does not accept assignment from Medicare, Anthem Blue Cross Life and Health will pay the difference between Medicare's payment and the *maximum allowed amount*. The *insured person* is not responsible for the difference between the *maximum allowed amount* and the total charge when a *participating provider* does not accept assignment of benefits.
3. When a *non-participating provider* does not accept assignment from Medicare, Anthem Blue Cross Life and Health will pay the difference

between Medicare's payment and the lesser of the *maximum allowed amount* and the Medicare limiting charge for that service. The *insured person* will be responsible for any difference between the *maximum allowed amount* for that service and the Medicare limiting charge.

4. For Medicare Part B, the plan deductible will not apply.
5. For inpatient *hospital* claims, Anthem Blue Cross Life and Health will pay the Medicare Part A deductible and coinsurance.

If no payment is made by Medicare because the charge has been applied toward the deductible or because Medicare does not cover that service, full benefits of this *plan* will be paid by Anthem Blue Cross Life and Health for covered services.

Anthem Blue Cross Life and Health will apply this method of payment when an *insured person* is retired and eligible to enroll in Medicare Part A, whether or not an *insured person* is actually enrolled in Medicare Parts A or B, and whether or not benefits to which an *insured person* is entitled are actually paid by Medicare.

Note: You must notify the Los Angeles Police Relief Association, Inc. if you are a retiree or *family member* under age 65 and have elected Medicare due to disability.

Coordinating Benefits With Medicare. We will not provide benefits under this *plan* that duplicate any benefits to which you would be entitled under Medicare. This exclusion applies to all parts of Medicare in which you can enroll without paying additional premium. If you are required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if you are enrolled in that part.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this *plan* except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this *plan*.
2. For services you receive that are covered both by Medicare and under this *plan*, coverage under this *plan* will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this *plan* will not exceed the *maximum allowed amount* for the covered services.

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care.

Certain services must be reviewed to determine medical necessity in order for you to get benefits. Utilization review criteria will be based on many sources including medical policy and clinical guidelines. We may decide that a service that was asked for is not *medically necessary* if you have not tried other treatments that are more cost-effective.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell us within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
 - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which we have a related clinical coverage guideline and are typically initiated by us.

Services for which precertification is required (i.e., services that need to be reviewed by us to determine whether they are *medically necessary*) include, but are not limited to, the following:

1. The appropriate utilization reviews must be performed in accordance with this *plan*. When pre-service review is not performed as required for the services listed below, the benefits to which you would have been otherwise entitled will be subject to the Non-Certification Penalty shown in the SUMMARY OF BENEFITS.
 - Scheduled, non-emergency inpatient *hospital* stays and *residential treatment center* admissions.

Exceptions: Pre-service review is not required for inpatient *hospital stays* for the following services:

- ◆ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
 - ◆ Mastectomy and lymph node dissection.
 - Specific non-emergency outpatient services, including diagnostic treatment and other services.
 - Specific outpatient surgeries performed in an outpatient facility or a doctor's office.
2. When pre-service review is performed and the admission, procedure or service is determined to be *medically necessary* and appropriate, benefits will be provided for the services listed below.
- Transplant services, including transplant travel expense. The following criteria must be met for certain transplants, as follows:
 - ◆ For bone, skin or cornea transplants, the *physicians* on the surgical team and the facility in which the transplant is to take place must be approved for the transplant requested.
 - ◆ For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, the providers of the related preoperative and postoperative services must be approved and the transplant must be performed at a *Centers of Medical Excellence (CME)* facility or a *Blue Distinction Centers for Specialty Care (BDCSC)* facility.
 - Air ambulance in a non-medical *emergency*.
 - A specified number of additional visits for physical therapy, physical medicine, occupational therapy and chiropractic care if you need more visits than is provided under the "Physical Therapy, Physical Medicine, Occupational Therapy and Chiropractic Care" provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. While there is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, occupational therapy and chiropractic care, additional visits in excess of the stated number of visits must be authorized in advance.
 - Specific durable medical equipment.

- Infusion therapy or home infusion therapy, if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.
- Home health care services if:
 - a. The services can be safely provided in your home, as certified by your attending *physician*;
 - b. Your attending *physician* manages and directs your medical care at home; and
 - c. Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.
- Admissions to a *skilled nursing facility*, if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Specific diagnostic procedures, including, but not limited to: Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and Nuclear Cardiac Imaging.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.
- Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS).
- Transgender services, including transgender travel expense, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a *physician*.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or

attending *physician* (“requesting provider”) will get in touch with us to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

We use our clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make our medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. We reserve the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with our decision under this section of your benefits, please refer to the “Grievance Procedures” section to see what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

We will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, we will follow state laws. If you live in and/or get services in a state other than the state where your *policy* was issued other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision

Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	5 business days from the receipt of the request
Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	72 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review	5 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make our decision, we will tell the requesting *physician* of the specific information needed to finish the review. If we do not get the specific information we need by the required timeframe identified in the written notice, we will make a decision based upon the information we have.

We will notify you and your *physician* of our decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written, and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. We will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *policy* with the *group* terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables us to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, we discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor do we have an obligation to provide it; we provide these services at our sole and absolute discretion.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

Our health plan individual case management program (Case Management) helps coordinate services for *insured persons* with health care needs due to serious, complex, and/or chronic health conditions. Our programs coordinate benefits and educate *insured persons* who agree to take part in the Case Management program to help meet their health-related needs.

Our Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, we will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, we may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, we may provide benefits for alternate care that is not listed as a covered service. We may also extend services beyond the benefit maximums of this *plan*. We will make our decision case-by-case, if in our discretion the alternate or extended benefit is in the best interest

of you and us and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. We reserve the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, we will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, we may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in our discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, we may select certain qualifying health care providers to participate in a program that exempts them from certain procedural or medical management processes that would otherwise apply. We may also exempt claims from medical review if certain conditions apply.

If we exempt a process, health care provider, or claim from the standards that would otherwise apply, we are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *insured person*. We may stop or modify any such exemption with or without advance notice.

We also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then we may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's* members.

You may determine whether a health care provider participates in certain programs by checking our online provider directory on our website at www.anthem.com/ca or by calling us at the Member Services telephone number listed on your ID card.

HOW COVERAGE BEGINS AND ENDS

Please contact a LAPRA Benefits Representative at (213) 674-3701 or (888) 252-7721 for information regarding Eligibility.

HOW COVERAGE ENDS

Your coverage ends without notice from us as provided below:

1. If the *policy* between the *group* and Anthem terminates, your coverage ends at the same time. This *policy* may be canceled or changed without notice to you.
2. If the *group* no longer provides coverage for the class of *insured persons* to which you belong, your coverage ends on the effective date of that change. If this *policy* is amended to delete coverage for *family members*, a *family member's* coverage ends on the effective date of that change.
3. Coverage for *family members* ends when *employee's* coverage ends.
4. Coverage ends at the end of the period for which premium has been paid to us on your behalf when the required premium for the next period is not paid.
5. If you voluntarily cancel coverage at any time, as permitted by the plan, coverage ends on the last day of the month following the date you file a coverage cancellation form.
6. If you no longer meet the requirements as established by the *group*, your coverage ends as of the premium due date coinciding with or following the date you cease to meet such requirements.

Exception to item 6:

Handicapped Children. If a *child* reaches the age limit shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *family member* if he or she is (i) covered under this *plan*, (ii) chiefly dependent on the *insured employee, spouse or domestic partner* for support and maintenance, and (iii) incapable of self-sustaining employment due to a physical or mental condition. A *physician* must certify in writing that the *child* has a physical or mental condition that makes the *child* incapable of obtaining self-sustaining employment. We will notify the *insured employee* that the *child's* coverage will end when the *child* reaches the *plan's* upper age limit at least 90-days prior to the date the *child* reaches that age. The *insured employee* must send proof of the *child's* physical or mental condition within 60-days of the date the *insured employee*

receives our request. If we do not complete our determination of the *child's* continuing eligibility by the date the *child* reaches the *plan's* upper age limit, the *child* will remain covered pending our determination. When a period of two years has passed, we may request proof of continuing dependency due to a continuing physical or mental condition, but not more often than once each year. This exception will last until the *child* is no longer chiefly dependent on the *insured employee, spouse or domestic partner* for support and maintenance or a physical or mental condition no longer exists. A *child* is considered chiefly dependent for support and maintenance if he or she qualifies as a dependent for federal income tax purposes.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, CALCOBRA CONTINUATION OF COVERAGE, and EXTENSION OF BENEFITS.

Unfair Termination of Coverage. If you believe that your coverage has been or will be improperly terminated, you may request a review of the matter by the California Department of Insurance (CDI). You may contact the CDI using the address and telephone numbers listed in the COMPLAINT NOTICE. You must make your request for review with the CDI within 180 days from the date you receive notice that your coverage will end, or the date your coverage is actually cancelled, whichever is later, but you should make your request as soon as possible after you receive notice that your coverage will end. This 180 day timeframe will not apply if, due to substantial health reasons or other incapacity, you are unable to understand the significance of the cancellation notice and act upon it. If you make your request for review within 30 days after you receive notice that your coverage will end, or your coverage is still in effect when you make your request, we will continue to provide coverage to you under the terms of this *plan* until a final determination of your request for review has been made by the CDI (this does not apply if your coverage is cancelled for non-payment of premium). If your coverage is maintained in force pending outcome of the review, premium must still be paid to us on your behalf.

CONTINUATION OF COVERAGE

IF YOU ARE ENROLLED IN MEDICARE PART D, ONE OR MORE OF THE FOLLOWING PROVISIONS MAY NOT APPLY TO YOU, AS DESCRIBED BELOW. PLEASE REFER TO THE SECTIONS THAT ENTITLED "APPLICABLE TO RETIRED NON-CALIFORNIA RESIDENTS WITH MEDICARE PART D" FOR INFORMATION ON CONTINUATION OF COVERAGE.

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *policy* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to a period of continuation of coverage. Check with your employer for details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this Definitions provision.

Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Applicable to Active and Retired Non-California Residents:

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *policy* as either an *insured employee* or *insured family member*; and (b) a *child* who is born to or placed for adoption with the *insured employee* during the COBRA continuation period. Qualified Beneficiary does not include: (a) any person who was not enrolled during the Initial Enrollment Period, including any *family members* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above; or (b) a *domestic partner*, or a *child* of a *domestic partner*, if they are eligible.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *policy*. The events will be referred to throughout this section by number.

1. For Insured Employees and Insured Family Members:

- a. The *employee's* termination of employment, for any reason other than gross misconduct; or

- b. Loss of coverage under an employer's health plan due to a reduction in the *employee's* work hours.

2. **For Retired Employees and their Insured Family Members.**
Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *group's* filing for Chapter 11 bankruptcy, provided:

- a. The *policy* expressly includes coverage for retirees; and
- b. Such cancellation or reduction of benefits occurs within one year before or after the *group's* filing for bankruptcy.

3. **For Insured Family Members:**

- a. The death of the *insured employee*;
- b. The *spouse's* divorce or legal separation from the *employee*;
- c. The end of a *child's* status as a dependent *child*, as defined by the *policy*; or
- d. The *employee's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

An *insured employee* or *insured family member*, **other than a domestic partner, and a child of a domestic partner**, may choose to continue coverage under the *policy* if his or her coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *group* or its administrator (we are not the administrator) will notify either the *insured employee* or *insured family member* of the right to continue coverage under COBRA, as provided below:

- 1. For Qualifying Events 1, or 2, the *group* or its administrator will notify the *employee* of the right to continue coverage.
- 2. For Qualifying Events 3(a) or 3(d) above, a *family member* will be notified of the COBRA continuation right.
- 3. You must inform the *group* within 60 days of Qualifying Events 3(b) or 3(c) above, if you wish to continue coverage. The *group*, in turn, will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *group* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *insured persons* within a family, or only for selected *insured persons*.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial premium, must be delivered to us by the *group* within 45 days after you elect COBRA continuation coverage.

Additional Insured Family Members. A *spouse* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *policy* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *group* may require that you pay the entire cost of your COBRA continuation coverage, plus 2%. This cost, called the "premium", must be remitted to the *group* each month during the COBRA continuation period. We must receive payment of the premium each month from the *group* in order to maintain the coverage in force.

Besides applying to the *insured employee*, the *employee's* premium rate will also apply to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *employee*;
2. A *child*, if neither the *employee* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the premium will be the two-party or three-party rate depending on the number of *children* enrolled); and
3. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, an *insured person*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *insured employee's* employment, and was enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the premium is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *family members* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *policy*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *insured employee*, divorce or legal separation, or the end of dependent *child* status;*
3. The end of 36 months from the date the *insured employee* became entitled to Medicare, if the Qualifying Event was the *employee's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *insured employee* will end 36 months from the date the *insured employee* became entitled to Medicare;
4. The date the *policy* terminates;
5. The end of the period for which premiums are last paid;
6. The date, following the election of COBRA, the *insured person* first becomes covered under any other group health plan; or
7. The date, following the election of COBRA, the *insured person* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

*For an *insured person* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*. Additional note: If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 1, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Subject to the *policy* remaining in effect, a retired *employee* whose COBRA continuation coverage began due to Qualifying Event 2 may be covered for the remainder of his or her life; that person's covered *family members* may continue coverage for 36 months after the *employee's* death. However, coverage could terminate prior to such time for either *employee* or *family member* in accordance with items 4, 5 or 6 above.

**Applicable to Retired Non-California Residents
with Medicare Part D:**

Qualified Beneficiary means a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *policy* as either an *employee* or enrolled *spouse*. Qualified Beneficiary does not include any person who was not enrolled during the Initial Enrollment Period, including a *spouse* acquired during the COBRA continuation period. It does not include *domestic partners* if they are eligible.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *policy*. The events will be referred to throughout this section by number.

1. **For Retired Employees and the Spouse.** Cancellation or a substantial reduction of retiree benefits under the *plan* due to the *group's* filing for Chapter 11 bankruptcy, provided that:
 - a. The *policy* expressly includes coverage for retirees; and
 - b. Such cancellation or reduction of benefits occurs within one year before or after the *group's* filing for bankruptcy.
2. **For the Spouse:**
 - a. The death of the *employee*; or
 - b. The *spouse's* divorce or legal separation from the *employee*.

ELIGIBILITY FOR COBRA CONTINUATION

An *insured employee* or enrolled *spouse* may choose to continue coverage under the *policy* if coverage would otherwise end due to a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. The *group* or its administrator (we are not the administrator) will notify either the *employee* or *spouse* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Event 1, the *group* or its administrator will notify the *employee* of the right to continue coverage.

2. For Qualifying Event 2(a), the *spouse* will be notified of the COBRA continuation right.
3. You must inform the *group* within 60 days of Qualifying Event 2(b) if you wish to continue coverage. The *group* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *group* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for both *family members*, or for the *employee* only, or for the *spouse* only.

If you fail to elect the COBRA continuation during the Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial premium, must be delivered to us by the *group* within 45 days after you elect COBRA continuation coverage.

Additional Family Members. A *spouse* acquired during the COBRA continuation period is eligible to be enrolled, provided that the *spouse* meets the eligibility requirements specified by the *group*. The standard enrollment provisions of the *policy* apply to enrollees during the COBRA continuation period.

Cost of Coverage. The *group* may require that you pay the entire cost of your COBRA continuation coverage. This cost, called the "premium", must be remitted to the *group* each month during the COBRA continuation period. We must receive payment of the premium each month from the *group* in order to maintain the coverage in force.

Besides applying to the *employee*, the *employee's* rate also applies to a *spouse* whose COBRA continuation began due to divorce, separation or death of the *employee*.

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the Initial Enrollment Period and the premium is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For a *spouse* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *policy*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *insured employee*, divorce or legal separation;*

2. The date the *policy* terminates;
3. The end of the period for which premiums are last paid;
4. The date, following the election of COBRA, the *insured person* first becomes covered under any other group health plan.

*For an *insured person* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*.

Applicable to Active and Retired Non-California Residents:

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *insured persons* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *insured person* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *insured person* must furnish the *group* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the *group* must remit the cost for the extended continuation coverage to us. This cost (called the "premium") shall be subject to the following conditions:

1. If the disabled *insured person* continues coverage during this extension, this rate shall be **150%** of the applicable rate for the length of time the disabled *insured person* remains covered, depending upon the number of covered dependents. If the disabled *insured person* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. The cost for extended continuation coverage must be remitted to us by the *group* each month during the period of extended continuation coverage. We must receive timely payment of the premium each month from the *group* in order to maintain the extended continuation coverage in force.
3. The *group* may require that you pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The premium rate shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *insured person* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *insured person* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event*;
3. The date the *policy* terminates;
4. The end of the period for which premiums are last paid;
5. The date, following the election of COBRA, the *insured person* first becomes covered under the other group health plan; or
6. The date, following the election of COBRA, the *insured person* first becomes entitled to Medicare. However, entitlement to Medicare will not preclude a person from continuing coverage which the person became eligible for due to Qualifying Event 2.

You must inform the *group* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

***Note:** If your COBRA continuation under this *plan* began on or after January 1, 2003 and ends in accordance with item 2, you may further elect to continue coverage for medical benefits only under CalCOBRA for the balance of 36 months (COBRA and CalCOBRA combined). All COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. Please see CALCOBRA CONTINUATION OF COVERAGE in this booklet for more information.

Applicable to Active and Retired Non-California Residents:

CALCOBRA CONTINUATION OF COVERAGE

If your continuation coverage under federal COBRA began on or after January 1, 2003, you have the option to further continue coverage under CalCOBRA for medical benefits only if your federal COBRA ended following:

1. 18 months after the qualifying event, if the qualifying event was termination of employment or reduction in work hours; or
2. 29 months after the qualifying event, if you qualified for the extension of COBRA continuation during total disability.

All federal COBRA eligibility must be exhausted before you are eligible to further continue coverage under CalCOBRA. You are not eligible to further continue coverage under CalCOBRA if you (a) are entitled to Medicare; (b) have other coverage or become covered under another group plan; or (c) are eligible for or covered under federal COBRA. Coverage under CalCOBRA is available for medical benefits only.

TERMS OF CALCOBRA CONTINUATION

Notice. Within 180 days prior to the date federal COBRA ends, we will notify you of your right to further elect coverage under CalCOBRA. If you choose to elect CalCOBRA coverage, you must notify us in writing within 60 days of the date your coverage under federal COBRA ends or when you are notified of your right to continue coverage under CalCOBRA, whichever is later. If you don't give us written notification within this time period you will not be able to continue your coverage.

Please examine your options carefully before declining this coverage. You should be aware that companies selling individual health insurance typically require a review of your medical history that could result in higher cost or you could be denied coverage entirely.

Additional Family Members. A dependent acquired during the CalCOBRA continuation period is eligible to be enrolled as a *family member*. The standard enrollment provisions of the *policy* apply to enrollees during the CalCOBRA continuation period.

Cost of Coverage. You will be required to pay the entire cost of your CalCOBRA continuation coverage (this is the “premium”). This cost will be:

1. 110% of the applicable *group* rate if your coverage under federal COBRA ended after 18 months; or
2. 150% of the applicable *group* rate if your coverage under federal COBRA ended after 29 months.

You must make payment to us within the timeframes specified below. We must receive payment of your premium each month to maintain your coverage in force.

Payment Dates. The first payment is due along with your enrollment form within 45 days after you elect continuation coverage. You must make this payment by first-class mail or other reliable means of delivery, in an amount sufficient to pay any required premium and premium due. Failure to submit the correct amount within this 45-day period will disqualify you from receiving continuation coverage under CalCOBRA. Succeeding premium payments are due on the first day of each following month.

If premium payments are not received when due, your coverage will be cancelled. We will cancel your coverage only upon sending you written notice of cancellation at least 30 days prior to cancelling your coverage (or any longer period of time required by applicable federal law, rule, or regulation). If you make payment in full within this time period, your coverage will not be cancelled. If you do not make the required payment in full within this time period, your coverage will be cancelled as of 12:00 midnight on the thirtieth day after the date on which the notice of cancellation is sent (or any longer period of time required by applicable federal law, rule, or regulation) and will not be reinstated. Any payment we receive after this time period runs out will be refunded to you within 20 business days. Note: You are still responsible for any unpaid premium payments that you owe to us, including premium payments that apply during any grace period.

Premium Rate Change. The premium rates may be changed by us as of any premium due date. We will provide you with written notice at least 60 days prior to the date any premium rate increase goes into effect.

Accuracy of Information. You are responsible for supplying up-to-date eligibility information. We shall rely upon the latest information received as correct without verification; but we maintain the right to verify any eligibility information you provide.

CalCOBRA Continuation Coverage Under the Prior Plan. If you were covered through CalCOBRA continuation under the *prior plan*, your coverage may continue under this *plan* for the balance of the continuation period. However your coverage shall terminate if you do not comply with the enrollment requirements and premium payment requirements of this *plan* within 30 days of receiving notice that your continuation coverage under the *prior plan* will end.

When CalCOBRA Continuation Coverage Begins. When you elect CalCOBRA continuation coverage and pay the premium, coverage is reinstated back to the date federal COBRA ended, so that no break in coverage occurs.

For *family members* properly enrolled during the CalCOBRA continuation, coverage begins according to the enrollment provisions of the *policy*.

When the CalCOBRA Continuation Ends. This CalCOBRA continuation will end on the earliest of:

1. The date that is 36 months after the date of your qualifying event under federal COBRA*;
2. The date the *policy* terminates;
3. The date the *group* no longer provides coverage to the class of employees to which you belong;
4. The end of the period for which premium is last paid (your coverage will be cancelled upon written notification, as explained under "Payment Dates", above);
5. The date you become covered under any other health plan;
6. The date you become entitled to Medicare; or
7. The date you become covered under a federal COBRA continuation.

CalCOBRA continuation will also end if you move out of our service area or if you commit fraud.

*If your CalCOBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the qualifying event under that *prior plan*.

**Applicable to Active, Retired and
Retired Non-California Residents with Medicare Part D:**

EXTENSION OF BENEFITS

If you are a *totally disabled employee* or a *totally disabled family member* and under the treatment of a *physician* on the date of discontinuance of the *policy*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient stay is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.
 - d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Benefits Not Transferable. Only *insured persons* are entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Claim Forms. After we receive a written notice of claim, we will give you any forms you need to file proof of loss. If we do not give you these

forms within 15 days after you have filed your notice of claim, you will not have to use these forms, and you may file proof of loss by sending us written proof of the occurrence giving rise to the claim. Such written proof must include the extent and character of the loss.

Note: To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to our website at www.anthem.com/ca and download and print one.

Conformity with Laws. Any provision of the *policy* which, on its effective date, is in conflict with the laws of the governing jurisdiction, is hereby amended to conform to the minimum requirements of such laws.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, we will provide benefits at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract is terminated by a Blue Cross or Blue Shield plan (unless the provider's contract is terminated for reasons of medical disciplinary cause or reason, fraud, or other criminal activity). This does not apply to a provider who voluntarily terminates his or her contract.

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the Blue Cross or Blue Shield plan prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the Blue Cross or Blue Shield plan prior to termination. If the provider does not agree with these contractual terms and conditions, we are not required to continue the provider's services beyond the contract termination date.

We will provide such benefits for the completion of covered services by a terminated provider only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary

to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by us in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.

3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.
4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that we have authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

We will notify you by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. We will request that the terminated provider agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, we are not required to continue that provider's services. If you disagree with our determination regarding continuity of care, you may file a complaint with us as described in the COMPLAINT NOTICE.

Entire Contract. This certificate, including any amendments and endorsements to it, is a summary of your benefits. It replaces any older certificates issued to you for the coverages described in the Summary of Benefits. All benefits are subject in every way to the entire *policy* which includes this certificate. The terms of the *policy* may be changed only by a written endorsement signed by one of our authorized officers. No

agent or employee has any authority to change any of the terms, or waive the provisions of, the *policy*.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Financial Arrangements with Providers. Anthem Blue Cross Life and Health or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as “Providers”) for the provision of and payment for health care services rendered to its *insured persons* and members entitled to health care benefits under individual certificates and group policies or contracts to which Anthem Blue Cross Life and Health or an affiliate is a party, including all persons covered under the *policy*.

Under the above-referenced contracts between Providers and Anthem Blue Cross Life and Health or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *policy* may differ from the rates paid for persons covered by other types of products or programs offered by Anthem Blue Cross Life and Health or an affiliate for the same medical services. In negotiating the terms of the *policy*, the *group* was aware that Anthem Blue Cross Life and Health or its affiliates offer several types of products and programs. The *insured employees*, *family members*, and the *group* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *policy*.

Also, under arrangements with some Providers certain discounts, payments, rebates, settlements, incentives, adjustments and/or allowances, including, but not limited to, pharmacy rebates, may be based on aggregate payments made by Anthem Blue Cross Life and Health or an affiliate in respect to all health care services rendered to all persons who have coverage through a program provided or administered by Anthem Blue Cross Life and Health or an affiliate. They are not attributed to specific claims or plans and do not inure to the benefit of any covered individual or group, but may be considered by Anthem Blue Cross Life and Health or an affiliate in determining its fees or subscription charges or premiums.

Free Choice of Provider. This *plan* in no way interferes with your right as an *insured person* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly

licensed according to appropriate state and local laws. But your choice may affect the benefits payable according to this *plan*.

Independent Contractors. Our relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not our agents nor are we, or any of our employees, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Inter-Plan Arrangements

Out-of-Area Services

Overview. We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever you access healthcare services outside the geographic area we serve (the “Anthem Blue Cross” Service Area), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“non-participating providers”) do not contract with the Host Blue. We explain below how we pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, we will still fulfill our contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue’s Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non–BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the *group* on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, we will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, we may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or copayment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment we will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency* services.

2. Exceptions

In certain situations, we may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. BlueCard Worldwide[®] Program

If you plan to travel outside the United States, call Member Services to find out your BlueCard Worldwide benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

When you are traveling abroad and need medical care, you can call the BlueCard Worldwide Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is 800-810-2583. Or you can call them collect at 804-673-1177.

If you need inpatient hospital care, you or someone on your behalf, should contact us for preauthorization. Keep in mind, if you need

emergency medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Utilization Review Program" section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for *emergency* or non-emergency care.

How Claims are Paid with BlueCard Worldwide

In most cases, when you arrange inpatient hospital care with BlueCard Worldwide, claims will be filed for you. The only amounts that you may need to pay up front are any copayment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- *Physician* services;
- Inpatient hospital care not arranged through BlueCard Worldwide; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

Legal Actions. No attempt to recover on the *plan* through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this *plan*. No such action may be started later than three years from the time written proof of loss is required to be furnished.

Liability For Statements. No statements made by you, unless they appear on a written form signed by you or are fraudulent, will be used to deny a claim under the *policy*. Statements made by you will not be deemed warranties. With regard to each statement, no statement will be used by us in defense to a claim unless it appears in a written form signed by you and then only if a copy has been furnished to you. After two years following the filing of such claim, if the coverage under which such claim is filed has been in force during that time, no such statement will be used to deny such a claim, unless the statement is fraudulent.

Medical Necessity. The benefits of this *plan* are provided only for services which are *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Notice of Claim. You, or someone on your behalf, must give us written notice of a claim within 20 days after you incur covered charges under this plan, or as soon as reasonably possible thereafter.

Payment to Providers. The benefits of this *plan* will be paid directly to *participating providers* and medical transportation providers. Also, we will pay other providers of service directly when you assign benefits in writing. If another party pays for your medical care and you assign benefits in writing, we will pay the benefits of this *plan* to that party. These payments will fulfill our obligation to you for those covered services.

Exception: Under certain circumstances we will pay the benefits of this *plan* directly to a provider or third party even without your assignment of benefits in writing. To receive direct payment, the provider or third party must provide us the following:

1. Proof of payment of medical services and the provider's itemized bill for such services;
2. If the *insured employee* does not reside with the patient, either a copy of the judicial order requiring the *insured employee* to provide coverage for the patient or a state approved form verifying the existence of such judicial order which would be filed with us on an annual basis;
3. If the *insured employee* does not reside with the patient, and if the provider is seeking direct reimbursement, an itemized bill with the signature of the custodian or guardian certifying that the services have been provided and supplying on an annual basis, either a copy of the judicial order requiring the *insured employee* to provide coverage for the patient or a state approved form verifying the existence of such judicial order;
4. The name and address of the person to be reimbursed, the name and policy number of the *insured employee*, the name of the patient, and other necessary information related to the coverage.

Physical Examination. At our expense, we have the right and opportunity to examine any *insured person* claiming benefits when and as often as reasonably necessary while a claim is pending.

Plan Administrator - COBRA. In no event will we be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA). The term "plan administrator" refers either to the *group* or to a person or entity other than us, engaged by the *group* to perform or assist in performing administrative tasks in connection with the *group's* health plan. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this booklet, the *group* is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent.

Program Incentives. We may offer incentives from time to time at our discretion in order to introduce you to new programs and services available under this *plan*. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as we offer the incentives program. We may discontinue an incentive for a particular new service or program at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Proof of Loss. You or the provider of service must send us properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. Except in the absence of legal capacity, we are not liable for the benefits of the *plan* if you do not file claims within the required time period. We will not be liable for benefits if we do not receive written proof of loss on time.

Services received and charges for the services must be itemized, and clearly and accurately described. Claim forms must be used; canceled checks or receipts are not acceptable.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your premiums are paid according to the terms of the *policy*.

Provider Reimbursement. *Physicians* and other professional providers are paid on a fee-for-service basis, according to an agreed schedule. A participating *physician* may, after notice from us, be subject to a reduced negotiated rate in the event the participating *physician* fails to make

routine referrals to *participating providers*, except as otherwise allowed (such as for *emergency services*). *Hospitals* and other health care facilities may be paid either a fixed fee or on a discounted fee-for-service basis.

Other forms of payment arrangement are Payment Innovation Programs. These programs may include financial incentives to help improve quality of care and promote the delivery of health care services in a cost-efficient manner. The programs may vary in methodology and subject area of focus and may be modified by us from time to time, but they will be generally designed to tie a certain portion of a *participating provider's* total compensation to pre-defined quality, cost, efficiency or service standards or metrics. In some instances, *participating providers* may be required to make payment to us under the program as a consequence of failing to meet these pre-defined standards. The programs are not intended to affect the *insured person's* access to health care. The program payments are not made as payment for specific covered services provided to the *insured person*, but instead, are based on the *participating provider's* achievement of these pre-defined standards. The *insured person* is not responsible for any co-payment amounts related to payments made by us or to us under the programs and the member does not share in any payments made by *participating providers* to us under the programs.

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Right of Recovery. Whenever payment has been made in error, we will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event we recover a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, we will only recover such payment from the provider within 365 days of the date we made the payment on a claim submitted by the provider. We reserve the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if we pay your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, we may collect such amounts directly from you. You agree that we have the right to recover such amounts from you.

We have oversight responsibility for compliance with provider and vendor and subcontractor contracts. We may enter into a settlement or compromise regarding enforcement of these contracts and may retain

any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

We have established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. We will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. We may not provide you with notice of overpayments made by us or you if the recovery method makes providing such notice administratively burdensome.

Terms of Coverage

1. In order for you to be entitled to benefits under the *policy*, both the *policy* and your coverage under the *policy* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *policy* is subject to amendment, modification or termination according to the provisions of the *policy* without your consent or concurrence.

Timely Payment of Claims. Any benefits due under this plan shall be payable, as soon as practical, but no later than 30 working days after we have received proper, written proof of loss, together with such reasonably necessary additional information we may require to determine our obligation. If a claim is contested or denied, Anthem Blue Cross Life and Health shall notify the *insured person* in writing, within 30 working days after receipt of the claim, that the claim is contested or denied. This will be done through a letter or an explanation of benefits (EOB), identifying the portion of the claim that is contested or denied and describing the reasons for the contention or denial of the claim. A copy of the letter or EOB will also be sent to the health care provider who rendered the services at issue. Any balance remaining unpaid at termination of the period of liability will be paid to the *insured person* or health care provider, as applicable, immediately upon receipt of due written proof.

Workers' Compensation Insurance. The *policy* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

GRIEVANCE PROCEDURES

Except where an *insured person's* life or health would be seriously jeopardized, you must first exhaust our internal grievance process before

we will grant your request for an external review (see the COMPLAINT NOTICE at the end of this booklet). In no event shall your rights to an external review be any more restrictive than those set forth in the Uniform External Review Model Act established by the National Association of Insurance Commissioners (NAIC), by the Secretary of the federal Department of Health and Human Services (HHS), or within the California state external review act, as applicable under state and federal law. There is no fee for an external review. If you have a question about our internal grievance process, filing a grievance, or the external review process, please call Member Services at the Member Services number listed on your ID card or you may write to us at Anthem Blue Cross Life and Health Insurance Company, 21555 Oxnard Street, Woodland Hills, CA 91367.

If, after our denial, we consider, rely on or generate any new or additional evidence in connection with your claim, we will provide you with that new or additional evidence, free of charge. We will not base our appeal decision on a new or additional rationale without first providing you (free of charge) with, and a reasonable opportunity to respond to, any such new or additional rationale. If we fail to follow the appeal procedures outlined under this section the appeals process may be deemed exhausted. However, the appeals process will not be deemed exhausted due to minor violations that do not cause, and are not likely to cause, prejudice or harm so long as the error was for good cause or due to matters beyond our control.

INDEPENDENT MEDICAL REVIEW OF DENIALS OF EXPERIMENTAL OR INVESTIGATIVE TREATMENT

If coverage for a proposed treatment is denied because we determine that the treatment is *experimental* or *investigative*, you may ask that the denial be reviewed by an external independent medical review organization contracting with the California Department of Insurance ("CDI"). Your request for this review may be submitted to the CDI. You pay no application or processing fees of any kind for this review. You have the right to provide information in support of your request for review. A decision not to participate in this review process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service. We will send you an application form and an addressed envelope for you to use to request this review with any grievance disposition letter denying coverage for this reason. You may also request an application form by calling us at the telephone number listed on your identification card or write to us at Anthem Blue Cross Life and Health Insurance Company, P.O. Box 4310, Woodland Hills, CA 91365-4310. To qualify for this review, all of the following conditions must be met:

- You have a life-threatening or seriously debilitating condition, described as follows:

 - ◆ A seriously debilitating condition is a disease or condition that causes major, irreversible morbidity.
- Your *physician* must certify that either (a) standard treatment has not been effective in improving your condition, (b) standard treatment is not medically appropriate, or (c) there is no more beneficial standard treatment covered by this *plan* than the proposed treatment.
- The proposed treatment must either be:
 - ◆ Recommended by a *participating provider* who certifies in writing that the treatment is likely to be more beneficial than standard treatments, or
 - ◆ Requested by you or by a licensed board certified or board eligible *physician* qualified to treat your condition. The treatment requested must be likely to be more beneficial for you than standard treatments based on two documents of scientific and medical evidence from the following sources:
 - a) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized standards;
 - b) Medical literature meeting the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medica (EMBASE), Medline, and MEDLARS database of Health Services Technology Assessment Research (HSTAR);
 - c) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act;
 - d) Either of the following: (i) The American Hospital Formulary Service's Drug Information, or (ii) the American Dental Association Accepted Dental Therapeutics;

- g) Peer reviewed abstracts accepted for presentation at major medical association meetings.

In all cases, the certification must include a statement of the evidence relied upon.

You are not required to go through our grievance process for more than 30 days. If your grievance needs expedited review, you are not required to go through our grievance process for more than three days.

You must request this review within six months of the date you receive a denial notice from us in response to your grievance, or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the CDI for good cause.

Within three business days of receiving notice from the CDI of your request for review we will send the reviewing panel all relevant medical records and documents in our possession, as well as any additional information submitted by you or your *physician*. Any newly developed or discovered relevant medical records identified by us or by a *participating provider* after the initial documents are sent will be immediately forwarded to the reviewing panel. The external independent review organization will complete its review and render its opinion within 30 days of its receipt of request for review (or within seven days if your *physician* determines that the proposed treatment would be significantly less effective if not provided promptly). This timeframe may be extended by up to three days for any delay in receiving necessary records.

INDEPENDENT MEDICAL REVIEW OF GRIEVANCES INVOLVING A DISPUTED HEALTH CARE SERVICE

You may request an independent medical review ("IMR") of disputed health care services from the California Department of Insurance ("CDI") if you believe that we have improperly denied, modified, or delayed health care services. A "disputed health care service" is any health care service eligible for coverage and payment under your *plan* that has been denied, modified, or delayed by us, in whole or in part because the service is not *medically necessary*.

The IMR process is in addition to any other procedures or remedies that may be available to you. You pay no application or processing fees of any kind for IMR. You have the right to provide information in support of the request for IMR. We must provide you with an IMR application form and an addressed envelope for you to use to request IMR with any grievance disposition letter that denies, modifies, or delays health care services. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against us regarding the disputed health care service.

Eligibility: The CDI will review your application for IMR to confirm that:

1. (a) Your provider has recommended a health care service as *medically necessary*, or
(b) You have received urgent care or *emergency services* that a provider determined was *medically necessary*, or
(c) You have been seen by a *participating provider* for the diagnosis or treatment of the medical condition for which you seek independent review;
2. The disputed health care service has been denied, modified, or delayed by us, based in whole or in part on a decision that the health care service is not *medically necessary*; and
3. You have filed a grievance with us and the disputed decision is upheld or the grievance remains unresolved after 30 days. If your grievance requires expedited review you need not participate in our grievance process for more than three days. The CDI may waive the requirement that you follow our grievance process in extraordinary and compelling cases.

You must apply for IMR within six months of the date you receive a denial notice from us in response to your grievance or from the end of the 30 day or three day grievance period, whichever applies. This application deadline may be extended by the CDI for good cause.

If your case is eligible for IMR, the dispute will be submitted to a medical specialist or specialists who will make an independent determination of whether or not the care is *medically necessary*. You will receive a copy of the assessment made in your case. If the IMR determines the service is *medically necessary*, we will provide benefits for the health care service.

For non-urgent cases, the IMR organization designated by the CDI must provide its determination within 30 days of receipt of your application and supporting documents. For urgent cases involving an imminent and serious threat to your health, including, but not limited to, serious pain, the potential loss of life, limb, or major bodily function, or the immediate and serious deterioration of your health, the IMR organization must provide its determination within 3 days.

For more information regarding the IMR process, or to request an application form, please call us at the Member Services telephone number listed on your ID card.

BINDING ARBITRATION

ALL DISPUTES INCLUDING BUT NOT LIMITED TO DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN/POLICY OR ANY OTHER ISSUES RELATED TO THE PLAN/POLICY AND CLAIMS OF MEDICAL MALPRACTICE MUST BE RESOLVED BY BINDING ARBITRATION, IF THE AMOUNT IN DISPUTE EXCEEDS THE JURISDICTIONAL LIMIT OF SMALL CLAIMS COURT AND THE DISPUTE CAN BE SUBMITTED TO BINDING ARBITRATION UNDER APPLICABLE FEDERAL AND STATE LAW, INCLUDING BUT NOT LIMITED TO, THE PATIENT PROTECTION AND AFFORDABLE CARE ACT.

It is understood that any dispute including disputes relating to the delivery of services under the plan/Policy or any other issues related to the plan/Policy, including any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as permitted and provided by federal and California law, including but not limited to, the Patient Protection and Affordable Care Act, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

THIS MEANS THAT YOU AND ANTHEM BLUE CROSS LIFE AND HEALTH INSURANCE COMPANY AND/OR ANTHEM BLUE CROSS AGREE TO BE BOUND BY THIS ARBITRATION PROVISION AND ACKNOWLEDGE THAT THE RIGHT TO A JURY TRIAL OR TO PARTICIPATE IN A CLASS ACTION IS WAIVED FOR BOTH DISPUTES RELATING TO THE DELIVERY OF SERVICE UNDER THE PLAN/POLICY OR ANY OTHER ISSUES RELATED TO THE PLAN/POLICY AND MEDICAL MALPRACTICE CLAIMS.

The Federal Arbitration Act shall govern the interpretation and enforcement of all proceedings under this BINDING ARBITRATION provision. To the extent that the Federal Arbitration Act is inapplicable, or is held not to require arbitration of a particular claim, state law governing agreements to arbitrate shall apply.

The arbitration findings will be final and binding except to the extent that state or federal law provides for the judicial review of arbitration proceedings.

The arbitration is initiated by the Insured making written demand on Anthem Blue Cross Life and Health and/or Anthem Blue Cross. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS"), according to its applicable Rules and Procedures. If for any reason JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by agreement of the Insured and Anthem Blue Cross Life and Health and/or Anthem Blue Cross, or by order of the court, if the Insured and Anthem Blue Cross Life and Health and/or Anthem Blue Cross cannot agree.

Should damages claimed be \$50,000 or less, the arbitration shall be held by a single, neutral arbitrator mutually agreed to by the parties. Such arbitrator shall have no jurisdiction to award more than \$50,000. The arbitrator shall be selected in accordance with the applicable rules of the arbitration administration entity. With respect to an arbitration held in California, if the parties are unable to agree on the selection of an arbitrator using the rules of the arbitration administration entity, the method provided in Code of Civil Procedure Section 1281.6 shall be used.

The costs of the arbitration will be allocated per the JAMS Policy on Consumer Arbitrations. If the arbitration is not conducted by JAMS, the costs will be shared equally by the parties, except in cases of extreme financial hardship, upon application to the neutral arbitration entity to which the parties have agreed, in which cases, we will assume all or a portion of the Insured's costs of the arbitration. Unless you, Anthem Blue Cross Life and Health Insurance Company and/or Anthem Blue Cross agree otherwise, the arbitrator may not consolidate more than one person's claims, and may not otherwise preside over any form of a

representative or class proceeding. Anthem Blue Cross Life and Health and/or Anthem Blue Cross will provide Insureds, upon request, with an application, or information on how to obtain an application from the neutral arbitration entity, for relief of all or a portion of their share of the fees and expenses of the neutral arbitration entity. Approval or denial of an application in the case of extreme financial hardship will be determined by the neutral arbitration entity.

Please send all Binding Arbitration demands in writing to Anthem Blue Cross Life and Health Insurance Company, P.O. Box 4310, Woodland Hills, CA 91365-4310 marked to the attention of the Member Services Department listed on your identification card.

STATEMENT OF RIGHTS UNDER THE NEWBORNS AND MOTHERS HEALTH PROTECTION ACT

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending *physician* (e.g., your *physician*, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a *physician* or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, please call us at the Member Services telephone number listed on your ID card.

For people whose primary language isn't English, we offer free language assistance services through interpreters and other written languages. Interested in these services?
